

# Anticipatory Care Planning Programme

## #StartTheConversation

Three years and still going strong!  
Celebrate with us as we look back over  
the last year....

### Securing our future

In 2022 shared funding from all 6 HSCPs guaranteed the ACP Programme for a further 2 years and realigned us with **Unscheduled Care Programme** to increase our reach.

### Embedding ACP

- Our implementation groups, including newly formed groups for secondary care, care homes and hospices, have helped us to drive the ACP agenda across all areas.
- From 30 minute lunch and learns, to full 2.5 hour sessions, we have loved to share our knowledge with everyone and see confidence increase.
- We launched the updated **ACP Summary** to provide better data capturing in July 2022.
  - In 2022/23 **3109** new ACPs were created on our systems - fantastic work everyone!

### Spreading the Word!

We were fortunate to go and speak with various community groups including Knightswood Connect, Glasgow North West Locality Engagement Forum, and the staff from the Cardiovascular Research Centre at Glasgow Uni to explain all about ACP and Power of Attorney.

This year we also ran a couple of workshops at the Good Life, Good Death, Good Grief Winter Conference!

### ACP Team Making Connections...

**Macmillan** **NHSGGC Palliative Care**  
**NHSGGC Spiritual Care Team** **Equal Partners in Care**  
**Unpaid Carers** **Friendly Faces**  
**Knightswood Connect** **Glasgow Caledonian University**  
**Scottish Palliative Care** **Realistic Medicine**  
**Glasgow University** **e-health** **CareHomes**  
**NHS Hounslow & Richmond Community Healthcare** **NHS Trust**  
**Good Life, Good Death, Good Grief**  
**To Absent Friends** **ACP Champions**  
**Scottish Ambulance Service** **Beatson Cancer Charity**

# ACP Training and Awareness

## Training Hub

Continual staff training to increase staff awareness and understanding of ACPs and the current information sharing system.

# New for 2023

More Info on the **EASE Course**

The ACP Team are now qualified **EASE Facilitators**. We received a fantastic response to our first course starting April 2023.

We are launching our programme for **Demystifying Death Week 2023!**

We have teamed up with other services and organisations for a 2 week jam-packed schedule full of myth busting, ask me anything sessions and exploring a day in life of some of our colleagues.

Events will continue to be announced so keep your eyes peeled!

[click here for DDW 2023 programme](#)

Alongside carers and our HSCP colleagues, we are about to start a pilot of our **Preparing for Hospital Checklist**. We hope this brings some clarity to a situation which can be a very stressful situation.

Our **ACP Audits** are about to begin across all HSCPs and we are looking forward to seeing the results of 3 years of hard work! This audit will look at the quality of information stored and shared on our systems.

## ACP Events & Activities 2022

Over the year we hosted lots of events, with over 1000 people registering! We are delighted with this response and planning for next year already...

**Demystifying Death Week 2-6 May 2022**
