

NHSGGC STAFF GET ON BIKES!!

In 2021, additional secure cycle shelters have been installed for 30 bikes at both Glasgow Royal Infirmary and Stobhill Campus.

NHSGGC Cycle to Work scheme helps staff to spread the cost for a new bike and save between 25-39%.

The new upper limit for the scheme has been set at £4000, perfect for e-bike!

Active travel such as cycling helps you to avoid morning traffic and has a positive impact on your health.

Cycling is much better for the environment and it saves your time and money.

SWAPPING CAR FOR CYCLING OR E-BIKING EVEN FOR 1 DAY SIGNIFICANTLY REDUCES IMPACT ON CARBON EMISSIONS IN CITIES.
