Corporate Objectives	 To reduce the burden of disease on the population through health improvement programmes that deliver a measurable shift to prevention rather than treatment. To reduce health inequalities through advocacy and community planning. To reduce the premature mortality rate of the population and the variance in this between communities. To ensure the best start for children with a focus on developing good health and wellbeing in their early years. To promote and support good mental health and wellbeing at all ages. 	 To provide a safe environment and appropriate working practices that minimise the risk of injury or harm to our patients and our people. To ensure services are timely and accessible to all parts of the community we serve. To deliver person centred care through a partnership approach built on respect, compassion and shared decision making. To continuously improve the quality of care, engaging with our patients and our people to ensure healthcare services meet their needs. To shift the reliance on hospital care towards proactive and co-ordinated care and support in the community. 	 To ensure effective financial planning across the healthcare system that supports financial sustainability and balanced budgets. To reduce cost variation, improve productivity and eliminate waste through a robust system of efficiency savings management. To exploit the potential for research, digital technology and innovation to reform service delivery and reduce costs. To utilise and improve our capital assets to support the reform of healthcare. 	 To ensure our people are treated fairly and consistently, with dignity and respect, and work in an environment where diversity is valued. To ensure our people are well informed. To ensure our people are appropriately trained and developed. To ensure our people are involved in decisions that affect them. To promote the health and wellbeing of our people. To provide a continuously improving and safe working environment.
