Dear Parent or Guardian

Please note: Antihistamine medication

If any of the antihistamines below is required or given before your new allergy clinic appointment (see table below with the time that needs to pass before the clinic appointment), please contact us to rearrange the appointment, as allergy tests (skin prick testing) can not be performed.

Chlorphenamine (Piriton)	48 hours
Cetirizine (Zirtec, Piriteze)	3 days
Loratadine	5days
Hydroxyzine (Ucerax, Atarax)	7days
Ketortifen	7days
Astemizol	1month
Alimemazine Tartare	2days

Many thanks

Department of Paediatric Allergy Service
