

## Information about your first appointment

---

At this appointment we will take routine bloods and swabs. This is to make sure that you do not have any infections before you start your treatment.

You will also need to bring evidence of two Rubella vaccinations, you can get this from your GP.

You will also need to have an up to date cervical smear test (within the last 3 years). If possible please bring a copy of your test result with you. Please make sure it remains in date throughout your treatment. If you are unsure please contact your GP.

Please bring photographic ID with you and as your partner does not have to attend this appointment, please ask them to bring photographic ID to their next appointment.

Please be aware of recent information regarding restrictions caused by the Zika and Ebola virus.

For further information go to [www.cdc.gov/zika](http://www.cdc.gov/zika) or [www.cdc.gov/ebola](http://www.cdc.gov/ebola)

If you have any questions please telephone: 0141 211 8535
