BME Staff Network Meeting - Wednesday 22 February

Our next BME Staff Network meeting is taking place on Wednesday 22 February, 12.00pm – 2.00pm. This will be our first hybrid meeting of 2023 and we would be delighted if you could attend.

This month we will be covering topics such as:

- How to access and get the best from NHSGGC's Interpretation Service
- How the Learning Disability Service is tackling racial inequality
- How staff feedback is being used to improve support available to BME staff members.

We'll also be reviewing survey results from BME Network members to understand how we make our Network even better for all staff.

The meeting is open to all NHSGGC staff – if you are a BME staff member or an ally – and you can join through MS Teams - [Click here to join the meeting](#). If you would like to attend in person, please email ggc.bmestaffnetwork@nhs.scot and we'll share the room information with you.

We also have a Facebook Group: [NHSGGC - BAME Staff Network | Facebook](#)

The BME network is a safe, supportive and confidential forum for sharing experiences, and an opportunity to influence on issues impacting on the health, wellbeing and work of BME staff. For more information about our BME Staff Network and our future meetings please visit: [BME Staff Network - NHSGGC](#) or email ggc.bmestaffnetwork@nhs.scot. William Cullen Prize

There are just five days left to get your entry in for this year's William Cullen Prize.

If you are a clinician and have made a significant contribution to service innovation, it's time to get your entry submitted for this prestigious prize.

As in previous years, the teaching prize will be selected from the top performers from our own recognition awards for medical teaching, based on performance in the national trainee and student surveys.

The winners of each prize will receive a framed print of a William Cullen letter, which will be selected from the Royal College's archive.

So don't delay, get your entries in now, simply complete the online application form, visit: www.nhsggc.scot/williamcullen.

The closing date is 19 February 2023.

Come and Join Our Staff Bank Service

Our staff bank provides a great opportunity to support our services across all our sites and community services, providing a range of flexible shifts across seven days. It's also an opportunity to gain experience working in a different area. Along with our external recruitment to the Staff Bank we are welcoming internal applications for both nursing and HCSW roles.

More information and our online application is available through the links below.

For internal nursing staff (Band 2) who wish to join the bank, visit: <https://apply.jobs.scot.nhs.uk/internal/displayjob.aspx?jobid=76500>

For internal nursing staff (Band 5) who wish to join the bank, visit: <https://apply.jobs.scot.nhs.uk/internal/displayjob.aspx?jobid=76507>

For internal staff who are currently in non-nursing roles who wish to join to the bank as a Band 2 HCSW, visit: <https://apply.jobs.scot.nhs.uk/internal/displayjob.aspx?jobid=76492>

Global Citizenship

Did you know that NHS Greater Glasgow and Clyde is committed to encouraging and supporting global health work?

Did you know that we have a group of global citizens who support one another in developing health partnerships across international boundaries?

We want to know if you have ever been involved in or considered supporting the improvement of health not just in Glasgow but across the world. Not just through international travel but through online consultancy, expertise and resource sharing.

If so, please get in contact with Becky Dunphy (becky.dunphy@ggc.scot.nhs.uk) from the Global Citizenship team for more information or to get involved.

You can also find out more about the Scottish national co-ordinated approach via the NHS Scotland Global Citizenship website: [Welcome - NHS Scotland - Global Citizenship \(scottishglobalhealth.org\)](http://www.scottishglobalhealth.org), where you can read about many of the amazing projects that NHS staff across Scotland are involved in and how you can also influence global health.
