Sharing how you and your team have involved and engaged patients and carers

Last year we produced the second in our annual patient engagement and involvement overview report within NHSGGC. This report helped us highlight how, as a Board, we are listening and involving people in our services.

The Patient Experience Public Involvement (PEPI) Team have now started the process of collecting information for this year's report covering the 2023/24 period for teams and services across NHSGGC.

You can read last year's report here to get an idea of the types of engagement people submitted: [Involvement and Engagement Overview Report 2022/23](#).

Involvement can range from large scale activities, surveys and focus groups to actions resulting from patient feedback and more focused group work with the people you support.

We would like you to share any examples you have been involved in, big or small. Noting this can be done through the link: [Overview Report Submission](#).

If you can share any examples by Friday 26 April 2024. If you have any issues accessing the form, want to chat through any examples or if you already have a report or word document you would like to share then please contact the PEPI team: public.involvement@ggc.scot.nhs.uk.

NHS
Greater Glasgow
and Clyde

NHS Greater Glasgow and Clyde are introducing an EV Charging System as from Monday 22nd April 2024, below is guidance on how to access a charge point.
Scan the QR code to download the mobile app from the App Store or Google Play.

  

Once you have downloaded the app, sign in and add a payment method.

To start charging, choose from the following options:

- 
Scan the QR code
Open the mobile app and scan the QR code.
- 
Enter the charge point ID
In the mobile app enter the charge point ID (printed above the QR code next to the shared socket you are using).
- 
Start charging with RFID
If you have an RFID card or fob then scan it on the reader to start charging (make sure you plug the cable in to your vehicle and the charger first).

You may also charge without the app via a web browser by scanning the QR code on the chargepoint using the camera on your phone.

4 HOURS MAXIMUM STAY

For driver support contact: 0808 1752 633

Staff are reminded to make sure their [personal contact details are up to date on eESS](#).

**It is important to share Core Brief with colleagues who do not have access to a computer.
