## Stay protected from Flu and Covid-19

The best way to stay protected from Flu and Covid-19 this festive season is to get your vaccines now.

winter vaccination clinics. To find your nearest local clinic, visit: [NHSGGC - Autumn Winter Vaccination Programme 2023/24](#).

## Public Protection is a priority for NHSGGC

The [Public Protection Service Learning and Education Framework October 2023 – October 2024](#) was approved by the Public Protection Forum in November 2023. This Learning and Education Framework sets out a structure that describes the public protection learning requirements for all staff in NHSGGC, including independent contractors. All NHSGGC employees, GP and dental practices, and other independent contractors have a role in protecting the public and all regulated staff in Health Boards and services have professional duties to protect children (including unborn babies) and adults.
