Core Brief

Daily update
(20 February 2026, 1.30pm)

Topics in this Core Brief include:

- [System Reset feedback](#)
- [National Adult Support and Protection Awareness Day: 20 February 2026](#)
- [Medication Safety Forum](#)
- [Venous Blood Collection System - Change of Supplier](#)

System Reset feedback

Following the conclusion of System Reset 2, we would welcome feedback from all staff on your experiences of either System Reset 2 (Saturday 17 January – Wednesday 28 January 2026) or System Reset 1 (Thursday 20 November – Monday 8 December 2025).

Your insights are invaluable in helping us understand what worked well, what challenges were encountered, and what improvements could strengthen future system-wide initiatives.

We are also keen to understand what impact the System Resets had for you and your team – did you notice anything different in day-to-day working, patient flow, decision making or overall pressures.

We value your honest and constructive feedback, as it will help us reflect on what worked well and consider how we can continue to improve for the benefit of patients, our teams, and the wider system.

To give your feedback, please visit: [System Reset FAQ Feedback Form – Fill in form](#)

National Adult Support and Protection Awareness Day: 20 February 2026

Today is National Adult Support and Protection Awareness Day.

This year we are asked to think Adult Protection within a range of care settings. It is important to remember staff within care staff can also be the person causing harm to the adult.

All staff have a role to play in keeping people safe from harm. If you're worried an adult could be at risk, it's always better to say something than do nothing. If you see something, say something. The following video provides helpful information: [Seen Something - Say Something](#)

Remember! If you need to complete an Adult Support and Protection Referral (AP1 form) you can now do so via Clinical Portal. The Adult Support and Protection Guidance was refreshed in 2025. The guidance provides information on how to complete an AP1 form on Clinical Portal.

To further support staff the Public Protection Service have developed a very short video which demonstrates where staff can find the form, highlights the key fields which require completion and how to make contact with the Social Work Department.

- [Completion of Adult Protection Referral \(AP1\)](#)
- [NHS GGC Adult Support & Protection Guidance](#)
- [NHS GGC AP1 Referral Process for Health Staff](#)

Support and Advice can be obtained by contacting the Public Protection Service Monday – Friday, 9.00am – 5.00pm on 0141 451 6605 or by visiting the Public Protection Service Sharepoint site [GGC-Public Protection Service - Home](#)

Medication Safety Forum

Session 1 Topics:

- Introduction to the new **Stock Locator Dashboard**
- **Medicine Transfer Record Book Process**

When:

- Wednesday 4 March 2026
- Time: 2:00pm – 2:30pm

Location:

- Microsoft Teams
- Click the following link to join the meeting:

<https://teams.microsoft.com/join/35958519520658?p=leKbN41J3zxK5Vfd4t>

Please share this invitation widely with colleagues, registration is not required. You are encouraged to bring any questions relating to stock location processes or the use of the Medicine Transfer Record Books.

Venous Blood Collection System - Change of Supplier

As part of the new NHSGGC Laboratory Managed Service Contract [UK's largest lab deal to deliver next-generation diagnostics for NHSGGC patients - NHSGGC](#) (Ctrl & Click to access link) there will be a change in supplier of the venous Blood Collection System. We currently use Greiner and will transition to Sarstedt when the new contract commences in 2027. (Refer to this [PDF](#)).

The change in supplier impacts multiple areas across NHSGGC and will require extensive training for all staff who undertake the process of venous blood collection from patients.

We are currently in the implementation planning stage and following an agreed implementation plan we will engage with the relevant stakeholders.

Remember, for all your latest news stories, visit the Staffnet Hub:

Getting the right care is as easy as ABC

A

Ask yourself

Do I need to go out?

For information on treating minor illnesses and injuries from home, go to **NHS inform** or download the **NHS 24 App**.

B

Be aware

There is help on your doorstep.

Your local **GP, pharmacy, dental practice** and **optician** offer a range of services.

C

Call 111

If it's urgent, or you're unsure, call **NHS 24** on **111**.

They'll get you the care you need.

Unless it's an emergency - think ABC before visiting A&E.
