

NHS Greater Glasgow and Clyde

Core brief

**Daily update
(6 February 2025, 12.45pm)**

Topics in this Core Brief:

- Sexual Abuse and Sexual Violence Awareness Week
- Band 5 nurses urged to apply for role re-evaluation
- Quality Strategy Newsletter
- Care Home Collaborative – February newsletter

Sexual Abuse and Sexual Violence Awareness Week

This is Sexual Abuse and Sexual Violence Awareness Week. A range of support is in place for staff who may have been affected by sexual harassment or other inappropriate behaviour through our [Cut It Out](#) programme. NHS Greater Glasgow and Clyde is committed to equality for all our staff, and we have zero tolerance for any form of sexual harassment or abuse in the workplace. If you or one of your colleagues has been the victim of sexual harassment, we want you to have the confidence and support to report this.

NHS Scotland's Sexual Assault Response Coordination Services (SARCS) is a dedicated service which offers healthcare and support in the days after an assault, if you are not ready to tell the police or are unsure. The service is open to anyone aged 16 or over through the national telephone service 24 hours a day, 7 days a week. To find out more visit [nhsinform.scot/SARCS](#)

If you are a manager, you can sign-up for one of our [Sexual Harassment webinars](#). There is a range of further learning resources available to all staff that you can access on [Turas](#), via our partners at [Close The Gap](#), or by searching on [LearnPro](#).

Band 5 nurses urged to apply for role re-evaluation

Band 5 nursing staff who believe they are working at a higher level are encouraged to apply to have their pay banding re-evaluated now.

The review is open to Band 5 nurses across all fields of practice, specialties and settings, including those working in bank roles.

Successful applicants will see their role upgraded to Agenda for Change Band 6.

To ensure consistency of the application process, a National online digital portal/app has been developed, hosting an online application form. You can access the portal/app from any device, but you will need your NHS email address and sign-in details.

The application includes questions about all aspects of your job including the skills and knowledge required, your responsibilities and working environment. The application form is designed to gather information needed to evaluate your role.

Nurses are asked to discuss their applications with their manager before making the initial submission.

Full information on the process is available on the Scottish Terms and Conditions (STAC) website: [STAC Agenda for Change Review](#).

Further information is also available on [Staffnet](#).

Quality Strategy Newsletter

Welcome to the fourth issue of our newsletter for the implementation planning phase of Quality Everyone Everywhere.

In this edition:

- Spotlight on two of the key priorities of Quality Everyone Everywhere with case studies to show success in action
- Quality Improvement Network Event - 13 March 2025
- Planning for launch.

Getting the right care is as easy as ABC

A

Ask yourself

Do I need to go out?
For information on treating minor illnesses and injuries from home, go to NHS Inform or download the NHS 24 App.

B

Be aware

There is help on your doorstep.
Your local GP, pharmacy, dental practice and optician offer a range of services.

C

Call 111

If it's urgent, or you're unsure, call NHS 24 on 111.
They'll get you the care you need.

Unless it's an emergency - think ABC before visiting A&E.

For more information: www.nhsoggc.scot/rgrp

Staff are reminded to make sure their [personal contact details are up to date on eESS](#).

It is important to share Core Brief with colleagues who do not have access to a computer.
