Lateral Flow Testing – Message from Jason Leitch

Whilst community transmission is reducing, we must continue to be vigilant as we learn to live with the threat of the virus and seek to return safely to everyday activities and lives. Please watch this short video from Professor [Jason Leitch, National Clinical Director](#) of the Scottish Government.

Staff Disability Forum Meeting via Microsoft Teams

The next virtual meeting of the Staff Disability Forum will be on Wednesday 12 May from 1.00pm - 2.30pm. All welcome.

The Staff Disability Forum aims to make positive changes in the organisation and provide a support network for staff with disabilities and long-term conditions. Through the Forum we want to promote equality and protect disabled staff against discrimination.

We also want staff to feel able to disclose their disability without any fear of stigma or negative response. A diverse workforce is a valuable asset and supported staff make a huge contribution to our success as an organisation.
