

Top Tips Before Your Dietetic Interview

Be prepared, be yourself, show your passion for dietetics!

1 Re-read Your Application

Re-read the job description and your application statement carefully.

2 Do Your Research

Research the department and read any research or key policies for the dietetic service and health board.

3 Practice Your Answers

Practice answers for questions based on the 6 Cs, including examples. Chat to your references, friends, colleagues about what type of questions to prepare for.

4 Practice Presentations and Prepare Questions

Practice any presentations (including timescales). Think about questions you want to ask the panel.

5 Plan Your Journey

Arrive early and know where you are going. Maybe do a "test run" and check out parking, where you are going etc.

Preparation today
confidence tomorrow!

You've got this!
