# Flying Start NHS<sup>®</sup>

Developing confident and capable health practitioners

#### **Booklet 4: TURAS Professional Portfolio**

**Practice Education 2020** 

## **TURAS Professional Portfolio**

TURAS Professional Portfolio is NHS Education for Scotland's (NES) eportfolio application for healthcare staff. Portfolio has been designed to allow you to record and share your learning, reflection, feedback and achievements as part of your career journey in NHS Scotland. It is hosted on the TURAS platform.

For **Nurses and Midwives**, in line with NMC Revalidation, TURAS portfolio offers you templates to record your learning which can be used for your NMC Revalidation requirements. You may find it easier to record all of your learning from Flying Start or other sources using these templates. Alternatively, you can use the standard portfolio templates to record your learning, however, at the time of revalidation, it will be your professional responsibility to ensure relevant mandatory NMC templates have been used for this purpose.

For **AHPs**, standard portfolio templates can be used to record your learning, in line with HCPC requirements.

## **TURAS** information

This booklet can be used by NQPs as guidance to create a TURAS Professional Portfolio, which you can use to record your learning and CPD throughout your career. Types of information stored or can be stored on TURAS includes:

As registered professionals, your regulating body may request that you provide evidence of your Continuing Professional Development, it is therefore recommended, that you keep this in the form of a portfolio.

### **Register/sign into TURAS**

Professional Portfolio	
REGISTER OR SIGN IN	
The Professional Portfolio is available to NHS staff in Scotland plus all nurses (including students) in Scotland.	
The Professional Portfolio has been developed to enable the above-mentioned users to generate, record, reflect upon and share evidence of their learning and continuing professional development. This evidence can then be used by them as part of appraisals, career development, programmes of learning and for regulatory purposes, including revalidation.	g
Register for an account or Sign in with your Turzs Account.	
Forgotten your sign in details? Click here then click "Can"t access your account?" on the following screeen.
