

Advocacy Services across Greater Glasgow & Clyde (GGC)

An independent advocacy service/advocate can:

- Listen to you.
- Find information to help you make decisions.
- Help you say what you think about your health care or treatment.
- Help you understand the care and support process.
- Challenge decisions about your care and support if you do not agree with them.
- Stand up for your rights.
- Write letters for you and attend meetings/appointments with you.

If you or someone you know is affected by alcohol or drugs you can access independent advocacy in your local area:
