Simulation-based Learning

Target Audience:

Any practitioner in Primary Care (GPs, ANPs, GPNs) involved in Anticipatory Care Planning

Description:

The CPD Connect team at NES are offering the opportunity to develop and enhance skills in shared decision making and Anticipatory Care Planning in a safe and supportive environment.

Using actors and realistic scenarios you will be able to practice and refine your skills and learn from your group of peers.

IMPORTANT INFORMATION

- Attendance is **FULLY FUNDED** for all delegates
- Usual cost for GPs of £150 is waived in exchange for feedback as this is a pilot
