Board Total	31	28	37	33	43	32	33	35	35	47	39	38

* Community hospitals have low numbers of infections and are therefore reported all together rather than separately. In NHSGGC this covers Drumchapel, Dykebar, Gartnavel Royal, Leverndale, Lightburn, Mearnskir, New Stobhill, New Victoria, Parkhead & Ravenscraig Hospitals.

** For the purposes of this report, patients identified within 48 hours of admission with a *Clostridium difficile* Infection (CDI) or *Staphylococcus aureus* Bacteraemia (SAB) will be included as part of the 'Out of Hospital Infections' total. This total will also include infections from community sources, such as GPs and Care Homes.

***Phased migration of wards and services from Victoria Infirmary, Western Infirmary, old Southern General Hospital and some Gartnavel General Hospital specialities to the new Queen Elizabeth University Hospital, commenced April 2015. As of May 2015, all Southern General Hospital cases will be reported under the new Queen Elizabeth University Hospital.
