Ages 15 & over only

* Community hospitals have low numbers of infections and are therefore reported all together rather than separately. In NHSGGC this covers Drumchapel, Dykebar, Gartnavel Royal, Leverdale, Lightburn, Mearnskirik, New Stobhill, New Victoria, Parkhead & Ravenscraig Hospitals.

** For the purposes of this report, patients identified within 48 hours of admission with a *Clostridium difficile* Infection (CDI) or *Staphylococcus aureus* Bacteraemia (SAB) will be included as part of the 'Out of Hospital Infections' total. This total will also include infections from community sources, such as GPs and Care Homes.

Data is provisional and subject to change.
