

Email Title: Collaborative Conversations: Invitation to Staff Engagement Sessions

Please reply to: ggc.staffexperience@ggc.scot.nhs.uk

Dear Colleagues

You'll know that the liP Clyde Cluster was recently assessed against the IIP standard and, while we weren't successful, we've had lots of good feedback from staff and the assessors.

We've been busy since then, using the feedback gathered through both IIP and iMatter, to make all sites across Clyde and NHSGGC a Better Workplace.

We'd like to invite you into one of our new Collaborative Conversations staff engagement sessions to hear the feedback and how we're using it. At these sessions, we'll be asking for your input on what difference you've seen over the last year and what you think would make the biggest difference to your experience at work and the experience of your colleagues.

Our sessions are taking place on

- 9.30am - 11am, Thursday 8th June 2023 (MS Teams)
- 9.30am – 11am Wednesday 14th June 2023 (MS Teams)
- 2.30pm – 4pm Thursday 15th June 2023 (Medical Education Lecture Theatre, RAH, Paisley)

The sessions will be led by OD and Staff Experience and any feedback or comments received during these sessions will be entirely anonymous.

To confirm your place, please forward this email to ggc.staffexperience@ggc.scot.nhs.uk completing the details below.

Name						
Job Title						
Band						
Location						
Department						
Session you would like to attend (place a X)	8 th June (online)		14 th June (online)		15 th June (in person, RAH)	

If you're unable to attend, we'd be happy for you to share this invite with one of your colleagues so that we have a good representation from across all teams in Clyde Cluster.

Your views are really important to us and so we'd really appreciate if you are able to attend.

Many thanks
