

Learning Tables and consultation resources for Practice Nurses (Please note: (NHSGGC PNSDT only endorse NHSGGC and NES modules. All other learning opportunities within these tables are for your information only. Please check all educational/charity organisations for available courses, as more opportunities may become available)

If you are new to Practice Nursing/have changed areas or are updating for CPD you may wish to contact relevant specialist nurses for information/support (If you don't know who this would be, please contact us and we will put you in touch pna.team@ggc.scot.nhs.uk). You may also wish to use our Theory into practice [learning plan](#)

Asthma	ACP	Bronchiectasis	Health behaviour change	Cancer
Carers	Cervical Screening	CHD	COPD	Chronic Pain
