

## Weight Management Service Acute Referral Guidance for Clinicians

Please follow the link to the user guide for [Requesting Investigations, Tests and Services on TrakCare using New Request](#).

The order item **Weight Management Services Acute Referral (WMS)** request is an 'Other' section request type.

**Please Note:** An Order Entry Message will appear advising referrers to wait for the questionnaire to pop up.

This message reads: 'There is a delay once the Order Item has been selected and the Questionnaire appearing. It is essential that the Questionnaire is completed. Failure to do so may delay the review of this referral.'

Order Entry Messages/Alerts
