Guidelines

Injecting Equipment Provision (IEP) Guidelines Launch

New guidance has been developed to support the development of the provision of injecting equipment and other harm reduction measures in Scotland. This is the first major publication of its kind in Scotland since the previous IEP Guidelines were published in 2010. Please see below:

[Injecting equipment provision in Scotland - 2020 to 2021 - Injecting equipment provision in Scotland - Publications - Public Health Scotland](#)
