### **VERBAL UPDATE FROM CHIEF OFFICER**

Beth Culshaw, Chief Officer, provided a verbal update on the recent business of the Health and Social Care Partnership. She noted it had been a busy month with the Management Team being heavily involved in financial planning and cost savings.

Ms Culshaw went on to thank the Front-Line Teams as well as back office for their efforts in response to the Storm Eowyn.

## BOARD OFFICIAL

Ms Culshaw gave an update on Delayed Discharges and noted that in recent weeks there had been an unfortunate increase with Acute Delays sitting at 30.

Ms Culshaw reported on the media coverage of Queens Quay environmental issues. Work is progressing continuously, and the hope is that it will be resolved in the next week.

There were several questions for the Chief Officer: Lesley McDonald asked for data regarding those who were waiting for Care at Home within the delayed discharges. The Chief Officer responded that there were 3 people waiting for this.

Martin Rooney asked for an update on vaccinations for the Health and Social Care staff group as well as those who are vulnerable within the community. The Chief Officer passed over to Val Tierney, Chief Nurse who commented positively on the uptake of flu and covid vaccines at around 95% for those in Care Homes. She commented that staff data is trickier to be captured but it has been promoted extensively. The uptake of flu vaccines has been lower overall however this will be considered with regards to promotion next year.

Martin Rooney asked for comment from the Chief Officer regarding the Community Link Workers funding. The Chief Officer, supported by the Clinical Director explained that initially there was delayed recruitment of community link workers, with reserves built up followed by a period of over-recruitment to use the reserves accrued. At that time it was not known if the Scottish Government would continue to fund any additional commitments. Without this funding and to meet financial objectives, the Primary Care Improvement Fund Steering Group will have to prioritise which work streams to support with funding.
