

NHS Greater Glasgow and Clyde	Paper No. 24/03
Paper Title	Standing Committee Chair's Board Report
Meeting:	NHSGGC Board Meeting
Date of Meeting:	27 February 2024
Purpose of Paper:	For Assurance
Classification:	Board Official
Name of Reporting Committee	Population Health and Well Being Committee
Date of Reporting Committee	23 January 2024
Committee Chairperson	Mr John Matthews OBE

1. Purpose of Paper

The purpose of this paper is to: inform the NHS Board on key items of discussion at the NHSGGC Population Health and Well Being Committee.

2. Recommendation

The Board is asked to note the key items of discussion at the recent meeting of the Population Health and Well Being Committee on 24 January 2024 as set out below and seek further assurance as required.

3. Key Items of Discussion

3.1 Child Health – Revised Universal Pathways

- Paper provided for assurance.
- The Committee received an update on progress within the priority areas of the Universal Health Visiting Service, Children and Young Persons Mental Health and Board Assurance Framework Measures
- The Committee approved Child Health as one of the Public Health priorities for 2022-23.

BOARD OFFICIAL

- Targets have been introduced with respect to delivery of the Universal Pathway and the number of children and young people accessing early intervention mental health services as part of the CYP MH Framework funding.
- The Committee were assured that developmental concerns and child poverty are also monitored within the Board Assurance Framework.
- The Committee were assured by the update.

3.2 Child Oral Health Indicators: Update Following Publication of National Dental Inspection Programme Report 22/23

- This item was a slide presentation given for assurance.
- The Committee received an update on the data contained in the most recent National Dental Inspection Programme (NDIP).
- The Committee noted that the data suggests there have been continued improvements in child oral health in Scotland and NHSGGC.
- The Committee were advised that the data available to date from Primary 1 and Primary 7 age cohorts indicates the impact of the Pandemic has not affected the overall prevalence of dental decay experience, but is suggestive the severity of disease has worsened slightly for those with decay experience.
- The Committee were assured by the update.

3.3 Epidemiology Update

- Paper provided for assurance.
- The Committee noted the prevalence of COVID, SARS, Flu and Norovirus within the Board area.
- The Committee were assured by the update.

3.4 Annual Screening Report

- Paper provided for assurance.
- The Committee received information about NHS Greater Glasgow and Clyde screening programmes for the period 1 April 2022 to 31 March 2023.
- The Committee discussed the variances in uptake and were assured by the Board's priority areas.
- The Committee were assured by the update.

3.5 Health and Wellbeing Survey Presentation

- Presentation provided for assurance.
- The Committee noted that this was the first presentation post Covid.
- The Committee were advised that the NHSGGC population continues to develop and grow, meaning we have to reconsider how and where we deliver services.
- The Committee discussed the breadth of the work required and agreed to dedicate the March Seminar to Public Health.
- The Committee were assured by the update.

3.6 Assurance Information Quarterly Report

- Paper provided for assurance.
- The Committee received an update on quarterly progress against the key priorities as outlined in the Public Health Assurance Information Framework.
- The report included data on Weight Management & Type 2 Diabetes, drugs related deaths, child health, mental health awareness, vaccinations and premature mortality rates.
- The Committee noted the key areas of improvement and actions underway.
- The Committee were assured by the update.

3.7 Extract from the Corporate Risk Register

- Paper provided for approval.
- The Committee noted the current position of the 2 risks aligned to the Population Health and Wellbeing Committee.
- Committee Members approved the Corporate Risk Register.

4. Issues for referral to other Standing Committees or escalation to the NHS Board

There were no issues for referral to other Standing Committees or escalation to the NHS Board.

5. Date of Next Meeting

The next meeting of the Population Health and Well Being Committee will take place on Tuesday, 16 April 2024.
