

NHS Greater Glasgow and Clyde	Paper No. 23/66
Meeting:	Board Meeting
Meeting Date:	29 August 2023
Title:	Implementing the Active Governance Approach in NHS Greater Glasgow and Clyde – Update
Sponsor:	Professor John Brown CBE, Chair of NHSGGC
Report Author:	Ms Elaine Vanhegan, Director of Corporate Services and Governance/ Mr Colin Neil Director of Finance

1. Purpose

The purpose of this paper is to present the Active Governance Programme Action Plan 2023/24.

2. Executive Summary

As Active Governance becomes more embedded across the organisation, many actions are being completed as business as usual and for those actions outstanding, timeframes have been applied as set out in Appendix 1. In addition, this paper includes the Operational Priorities for 2023/24 further to review at the Board Seminar on 30th May 2023 (Appendix 2) and the current draft of the Assurance Information Framework (Appendix 3).

3. Recommendations

It is recommended that the Board:

- Be assured as to the position with the Active Governance Programme, approving approach and timescales.
- Approve the Operational Priorities for 2023/24.
- Approve the approach and timescales to taking forward the Assurance Information Framework, acknowledging further work to finalise between the August and October Board meetings.

4. Response Required

This paper is presented for **approval**.

5. Impact Assessment

The impact of this paper on NHSGGC's corporate aims, approach to equality and diversity and environmental impact are assessed as follows:

- **Better Health** **Positive**
- **Better Care** **Positive**
- **Better Value** **Positive**
- **Better Workplace** **Positive**
- **Equality & Diversity** **Positive**
- **Environment** **Positive**

6. Engagement & Communications

The issues addressed in this paper were subject to the following engagement and communications activity:

- The content of this paper was considered by the Chair, the Chief Executive, the Director of Finance and the Director of Corporate Services and Governance.

7. Governance Route

This paper has been previously considered by the following groups as part of its development:

- The paper updates a strand of activity approved by the Board and overseen by the Standing Committees and CMT.

8. Date Prepared & Issued

Prepared on 24 August 2023

Issued on 24 August 2023

NHS Greater Glasgow and Clyde	Paper No. 23/66
Meeting:	Board Meeting
Meeting Date:	29 August 2023
Title:	Implementing the Active Governance Approach in NHS Greater Glasgow and Clyde – Update
Sponsor	Professor John Brown CBE, Chair of NMSGC
Report Author:	Ms Elaine Vanhegan, Director of Corporate Services and Governance/ Mr Colin Neil Director of Finance

1. Introduction

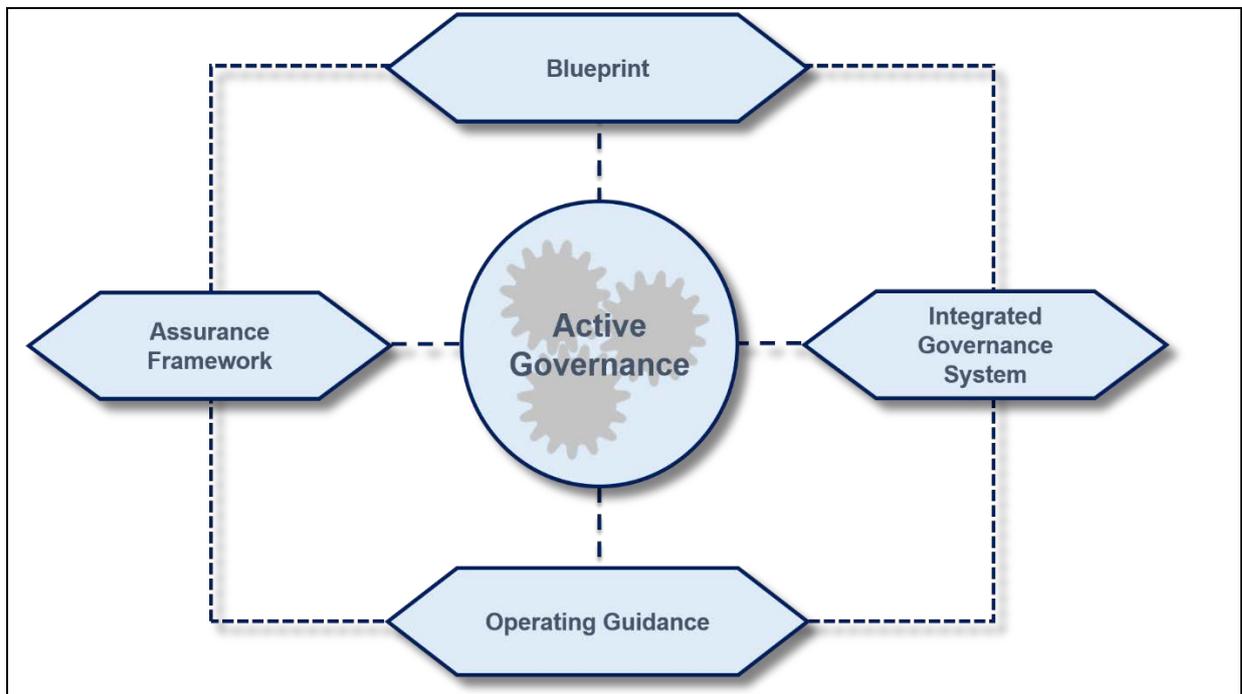

- 1.1 This paper presents the Active Governance Programme Action Plan 2023/24 for approval. As Active Governance becomes more embedded across the organisation, many actions are being completed as business as usual. For those actions outstanding, timeframes have been applied.
- 1.2 In addition, this paper includes the Operational Priorities for 2023/24 further to review at the Board Seminar on 30th May 2023. To ensure alignment, it was agreed that approval of the priorities would be sought after completion of the Annual Delivery Plan (ADP) which was submitted to the Scottish Government on the 31st July 2023. The ADP was also approved by the Finance Planning and Performance Committee (FP&P) on 1 August 2023.
- 1.3 Board members will be familiar with the work in respect of the Assurance Information Framework (AIF). The current draft is being brought to the Board for approval in terms of approach and timescales. The final version will be considered by the Board in October for content approval.

2. Background

- 2.1 The Board is aware that Active Governance is a key element of the implementation arrangements for the NHS Scotland Blueprint for Good Governance ('the Blueprint') with the second edition published in December 2022 and issued under DL (2022) 38.
- 2.2 NHS GGC has paid significant focus to the development of Active Governance in the past 3 years. The second edition of the Blueprint highlights the importance of

effective governance, requiring Boards to continuously review, develop and improve their arrangements. Board members are reminded of this cohesive in Figure 1 below.

Figure 1

3. Active Governance Programme

3.1 Active Governance Programme Action Plan

The Active Governance Programme Action Plan has been updated for 2023/24 in alignment with the headings of the Blueprint, thus ensuring a proactive focus on all the elements. Many actions now form part of business as usual and are completed in that manner. Those areas where further and ongoing work is required, timescales have been noted. The Action Plan can be seen in Appendix 1.

3.2 Operational Priorities

The Operational Priorities were considered at the Board Seminar on 30th May 2023 with feedback received from Board members reflected. The Priorities are aligned to the 4 Corporate Aims of the organisation, and are designed to support delivery of the Corporate Objectives. In developing this year's priorities, there has been a focus on ensuring alignment with the ADP.

The Operational Priorities are presented in Appendix 2 along with the approved Corporate Statements.

3.3 The Assurance Information Framework

The FP&P Committee received an update on the approach and progress in respect of the AIF at their meeting held on 1st August 2023. This update underlined the requirements within the guidance of the Blueprint which stipulates:

BOARD OFFICIAL

The requirement to provide frequent and informative performance and financial reports to assure the Board that it is delivering safe, effective, patient-centred, affordable and sustainable services which should deliver relevant, accurate and timely information on a wide range of activities, including:

- *Service delivery*
- *Safety and quality standards*
- *Innovation and transformational change*
- *Workforce*
- *Education, training and development*
- *Finance.*

The AIF should also include information on both the management of current operations, as well as the progress being made to deliver change across the healthcare system.

Phase 1 was undertaken in 2022 where the Information Flows across the Standing Committees were reviewed and agreed. In January 2023, the Chair established a Short Life Working Group to take forward Phase 2 with a range of Non-Executive members. From this a 'user requirement' and format was developed for Board level information by the Chair.

Further work had been undertaken to map all the elements to ensure oversight and assurance of delivery, considering data availability and other sources of information in terms of routine reports and Strategies. A benchmarking exercise was undertaken with other Health Boards to establish best practice in an AIF.

The AIF is based on the Blueprint guidance and considers:

- *Operational Targets.* These are designed to measure progress towards delivering the Operational Priorities described in the ADP approved by the NHS Board.
- *Performance Indicators.* These are designed to measure progress towards delivering the longer term Corporate Objectives set by the NHS Board. At this stage many are linked to routine reports.
- *Strategy Updates.* This part of the AIF lists the briefing papers and reports that are presented to the NHS Board to describe progress towards delivering the Strategic and Commissioning Plans previously approved by the NHS Board and the Integration Joint Boards. This includes the reports such as the Child Poverty Action Plans, IJB Annual Reports.

The Assurance Information Framework has been designed to, where applicable, be able to present Values, Frequency, Format, Period, History, Trajectory, Forecast, Benchmark and Timing. The Framework also identifies which Standing Committee receives which report and a column noting in which reports where the information may be presented.

Further work will be undertaken between now and the October Board to refine relevant values, frequency and planned format where this is outstanding. Once agreed, the total number of targets and indicators will be finalised. The timing of presentation of the varying data and reports will also be linked to the Annual Cycle of Business for the Board. It is expected this will reduce the level of unnecessary

duplication of information flows between the NHS Board and the Standing Committees.

As described in the June Board update, the intention is to introduce the Assurance Information Framework over the next 6 months, with a new and automated Assurance Information System integrated with the other parts of the governance system from April 2024, revising presentation from October 23.

The draft AIF, based on the user requirement of the Chair can be seen in Appendix 3.

4. Conclusions

- 4.1 Implementing Active Governance is a dynamic process which will continue to evolve as processes embed and mature. The work over the past three years in implementing the Active Governance Programme puts the organisation on a firm footing with the approach to further embed as BAU, balanced with evaluation and a focus on striving for improvement remaining key. The Board will continue to see regular updates of key elements moving forward.
- 4.2 In addition the self-assessment process, to be scheduled this autumn, will also guide future review and development

5. Recommendations

- 5.1 It is recommended that the Board:
- Be assured as to the position with the Active Governance Programme, approving approach and timescales - Appendix 1
 - Approve the Operational Priorities for 2023/24 – Appendix 2
 - Approve the approach and timescales to taking forward the Assurance Information Framework, acknowledging further work to finalise between the August and October Board meetings – Appendix 3

6. Implementation

- 6.1 This paper presents a detailed update on the implementation of the plan that is attached at Appendix 1.

7. Evaluation

- 7.1 The evaluation of the success of the Active Governance Programme will form part of the self-assessment noted above.

8. Appendices

- Appendix 1 - The Active Governance Programme Action Plan August 2023 – April 2024
- Appendix 2 - The Operational Priorities for 2023/24
- Appendix 3 - The Draft Board Level Assurance Information Framework

The Active Governance Programme Action Plan – August 2023 to April 2024 – Update August 2023

1	The Corporate Governance System	Timeline	Executive Lead	Sponsor	Oversight Committee

NHSGGC DRAFT OPERATIONAL PRIORITIES
2023/24

NHSGGC Corporate Statements

FINAL DRAFT OPERATIONAL PRIORITIES 2023/24

Better Health	
Operational Priority 2023/24	Action
<p>OPBH 1.0a Child Health and Early Intervention</p> <p>Ensure the best start for children with a focus on developing good health and wellbeing in their early years through the Universal Health Visiting Pathway (UHVP).</p>	<ul style="list-style-type: none"> • Robust and consistent delivery of the UHVP across the 6 HSCPs. • Use of common staffing method to review caseload management. • Ensure robust and accessible data on delivery on the UHVP identifying impact e.g. identification of needs and any gaps.
<p>OPBH 1.0b Child Oral Health</p> <p>Improve children's oral health, increasing registration with dental services enabling secondary prevention.</p>	<ul style="list-style-type: none"> • Focus activity on dental registration of young children supporting the most vulnerable children and families via the UHVP. • Increase uptake of Childsmile Programme in the most deprived areas establishing tooth brushing in the early years. • Reduce need for general anaesthetics in children requiring tooth extraction.
<p>OPBH 1.0c Obesity and Prevention and Early Intervention on Type 2 Diabetes - Children</p> <p>Working in partnership, increase healthy weight interventions for children and families, through community Weight Management interventions.</p>	<ul style="list-style-type: none"> • Expand healthy weight intervention through the UHVP. • Expand community based 'Thrive under Five' Programme. • Increase uptake of weight management interventions in line with national standards.
<p>OPBH 2.0 Early and pro-active intervention T2DM - Adults</p> <p>Focus on targeted and structured approaches to ensure early intervention and prevention of Type 2 Diabetes in adults.</p>	<ul style="list-style-type: none"> • Support increased detection and diagnosis, targeting most at risk groups e.g. pregnant women, the BAME communities. • Increase the number of newly diagnosed patients who complete structured education and weight management programmes.

BOARD OFFICIAL

Better Health	
Operational Priority 2023/24	Action
<p>OPBH 3.0 Drug Related Deaths</p> <p>Work towards delivery of the National Mission on Drug Deaths Plan 2022-2026, in conjunction with the Alcohol and Drug Partnerships, HSCPs/Alcohol and Drug Recovery Services in GGC.</p>	<ul style="list-style-type: none"> • Continue to roll out Medication Assisted Treatment (MAT) Standards across the 6 HSCPs aiming to continue reduction in drug related death. • Ensure public health input to the GGC-wide MAT Standards Implementation Group. • Monitor drug use and drug harms through the Drug Trends Monitoring Group and inform any requirements for change. • Lead the coordination of efforts to address blood-borne virus transmission in GGC.
<p>OPBH 4.0 Vaccination</p> <p>Protect most vulnerable population from the effects of vaccine preventable diseases, especially Covid and Flu.</p>	<ul style="list-style-type: none"> • Roll out vaccination programmes across all relevant sectors and target populations.
<p>OPBH 5.0 Public Protection</p> <p>Ensure robust procedures are in place to protect the most vulnerable in society.</p>	<ul style="list-style-type: none"> • Complete the final design stage of the Public Protection Strategy and seek Board approval. • Complete the benchmarking for the new NHS National Accountability and Assurance Framework and embed as a delivery plan priority.

BOARD OFFICIAL

Better Workplace	
Operational Priority 2023/24	Action
<p>OPBW 6.0a Staff Health and Wellbeing</p> <p>Deliver ongoing support to staff physical and mental health and wellbeing.</p>	<ul style="list-style-type: none"> • Update Staff Health Strategy for 2023-2025 with new Action Plan For Staff Health and Wellbeing following results from the Staff Health Survey - areas for action: <ul style="list-style-type: none"> ○ Mental Health including stress, ○ In Work Poverty, ○ Fair Work, ○ Support for managing attendance. • Deliver 2023/24 Workforce Equality Action plan.
<p>OPBW 6.0b Workforce</p> <p>Ensure a sustainable workforce through workforce planning that is responsive to changes in the demand for services.</p>	<ul style="list-style-type: none"> • Focus on new roles and delivery of 'Recruitment and Attraction' Action Plan i.e. MAPS, HCSWs Band 4s, new supply routes. • Deliver against Workforce Plan Action Plan and link workforce to transformation of services. • Focus on refresh of training and development programme within the Workforce Strategy.
<p>OPBW 6.0c Partnership Working & Staff Engagement</p> <p>Work in collaboration with partners in developing and implementing plans for recovery and redesign.</p>	<ul style="list-style-type: none"> • Work in collaboration with the ACF, APF and Employee Director to embed partnership working. • Deliver against the Investors in People Standards - towards Board Accreditation. • Further develop staff engagement through the 'Staff Communication and Engagement Strategy' • Embed a rolling programme of local delivery of liP and iMatter actions for improvement.

Better Care	
Operational Priority 2023/24	<u>Action</u>
<p>OPBC 7.0 Planned Care</p> <p>Increase the level of activity within the Planned Care Programme in line with the ADP reducing waiting times across all specialties focusing on longer term sustainability.</p>	<p><u>Deliver ADP targets:</u></p> <ul style="list-style-type: none"> • New Outpatients: 95% of 2019/20 base activity across the year (273,456 patients) • TTG: 80% of 2019/20 base activity across the year (64,359 patients). • New and Return Endoscopy Patients: 90% of 2019/20 base activity across the year (31,234 patients- NB, this figure relates to new activity only). • Radiology: commitment to hold maximum waiting of 26 weeks by end of Sept for all modalities. All radiology activity to deliver 168,992 examinations. • Endoscopy: 90% of 2019/20 base activity across the year with development of additional monitoring for completed waits relating to Category 1 and Category 2 patients to ensure meeting USOC pathway 2 week requirement.
<p>OPBC 8.0 Cancer</p> <p>Recover performance against the national waiting time standard acknowledging increase in referrals with Urgent Suspicion of Cancer (USOC).</p>	<ul style="list-style-type: none"> • Introduction of referral policy for all cancer types working closely with GPs • Continue to deliver the 95% performance for the 31 day 'decision to treat' target • Take forward key actions to improve the 62 day 'referral to first treatment' target focusing on high volume challenging pathways.
<p>OPBC 9.0 Unscheduled Care</p> <p>Work in partnership to improve unscheduled care pathways across the system.</p>	<ul style="list-style-type: none"> • Improve the 4 hour Emergency Department 4 hr wait target • Improve the Delayed Discharge position across the 6 HSCPs and surrounding partnerships - both Acute and Mental Health • Maximize the virtual unscheduled care service for patients, linking with the GP Out of Hours service, Flow Navigation Centre,

Better Care	
Operational Priority 2023/24	<u>Action</u>
	<p>Community Hubs, NHS 24 and SAS to increasing virtual unscheduled care activity.</p> <ul style="list-style-type: none"> • Evaluate and refine Glasflow Model. • Deliver ‘Discharge without Delay’ bundle across identified ward areas. • Maximise Digital support for improving Delayed Discharges developing digital referral and access for HomeCare pathway.
<p>OPBC 10.0 Moving Forward Together/Clinical Infrastructure Strategy</p> <p>Deliver the revised work programme and track individual projects to drive forward service improvement and redesign maximising digital opportunities.</p>	<ul style="list-style-type: none"> • Review Infrastructure work – reporting in early summer 2023, informing future streams of work • Present position to the NHS Board • Focus on re-engineering of patient pathways maximising digital solutions. • Deliver key MFT portfolios incl Best Start and Thrombectomy.
<p>OPBC11.0 Patient Safety and Experience</p> <p><u>Quality Strategy</u> Review and update the Quality Strategy – <i>The Pursuit of Excellence</i></p> <p><u>Patient Experience</u> Deliver a person-centred approach through effective public and stakeholder engagement by ensuring patient and service users’ experience is included in the design and delivery of services.</p> <p><u>Infection Prevention & Control</u> Ensure continued robust infection prevention and control across the system, delivering against key targets seeking opportunities for continuous improvement.</p>	<ul style="list-style-type: none"> • Engage all stakeholders in reviewing the Strategy and bring forward Year 1 priorities linking to patient experience and ensuring a person centred approach in care. • Deliver engagement programmes supporting corporate priority areas. • Review patient, public and stakeholder feedback, using it to drive service improvements. • Deliver national targets set for 2019-2024 (<i>Staphylococcus aureus</i> bacteraemias (SAB), <i>Clostridioides difficile</i> infections (CDI), <i>E. coli</i> bacteraemias (ECB). • Continue local Surgical Site Infection Surveillance. • Engage with ARHAI to develop a whole system approach to the surveillance of healthcare associated infections in high risk units.

Better Care	
Operational Priority 2023/24	<u>Action</u>
<p>OPBC 12.0 Primary Care</p> <p>Develop extended multi-disciplinary teams in primary care, maintaining access to core services at the right time and in the right place.</p>	<ul style="list-style-type: none"> • Develop Primary Care Strategy and prioritised action for year 1. • Implement Primary Care Improvement Plans • Align activity to MFT proposals. • Address gaps in data provision supporting the Board's Assurance Information Framework. • Reaffirm the OoH strategic position.
<p>OPBC 13.0a Mental Health</p> <p>Ensure a continual focus on improving mental health and wellbeing services across the system.</p>	<ul style="list-style-type: none"> • Refresh Strategy for Mental Health Services in GGC- 2023-28. • Implement of the Next Phase of Enhancing Community Mental Health Services. • Deliver CAMH tgts • Deliver Psychological Therapies tgts
<p>OPBH 13.0b Mental Health of Children and Young People</p> <p>Increase access to early intervention and non-clinical support for children and young people.</p>	<ul style="list-style-type: none"> • Refresh suicide prevention and self-harm action plans relating to children and young people in line with the new national strategies. • Undertake further work to better understand increasing demand for CAMHS services for girls age 12-17, and presentations with eating disorders.

Better Value	
Operational Priority 2023/24	Action
<p>OPBV 14.0 Queen Elizabeth University Hospital & Royal Hospital for Children</p> <p>Continue to respond to the requirements of the Scottish Hospitals Public Inquiry, the Court proceedings against the Parties responsible for delivering the QEUH/RHC construction project and the Police Investigation.</p> <ul style="list-style-type: none"> ○ <u>Rectification</u> ○ <u>Legal Claim</u> ○ <u>Public Inquiry</u> ○ <u>Police Investigation</u> 	<ul style="list-style-type: none"> ● Ensure a robust & monitored approach the rectification work in respect of known defects as part of litigation. ● Manage the process working with MacRoberts to maximize potential recompense through adjudication. ● Ensure robust programme management in response to the requests for information and development of the approach to Positioning Papers. ● Ensure support for witness precognitions for the inquiries focusing on staff welfare through forthcoming hearings. ● Continue to engage productively with Police Scotland working to minimise duplication where possible.
<p>OPBV 15.0 Finance</p> <p>Implement the financial plans, to enable the Board to live within the resources available. Includes;</p> <ul style="list-style-type: none"> ○ Develop feasible financial projections ○ Deliver efficiency plans and recurring savings options to help reduce the underlying recurring deficit 	<ul style="list-style-type: none"> ● The roll forward position for 2023/24 notes financial plan recurring challenge of £190.9m and non-recurring investments of £5.2m. This requires recurring savings of £75m to make progress on recurring deficit. A further £50m has been identified as non-recurring savings target, however this still derives a gap of £71.1m to be closed. ● Identify and deliver the level of schemes required to meet the financial challenge. ● Ensure sufficient focus required input to this area given the breadth of the operational agenda. ● Financial grip and control across areas of current overspend and areas of expenditure without identified recurring budget will also play significantly in the outturn for 2023/24.

Better Value	
Operational Priority 2023/24	Action
	<ul style="list-style-type: none"> • Ensure a whole system approach to mitigate current pressures, reduce additional spend caused by increased demand, and drive a new level of savings to meet the financial gap.
<p>OPBV 16.0 Digital</p> <p>Continue to provide resilient and secure eHealth systems for services with the necessary support and training for staff; Deliver the programmes within the eHealth Delivery Plan, enabling service improvement and redesign through the use of digital tools.</p>	<ul style="list-style-type: none"> • Scaling up of virtual outpatient appointments agreeing targets for specialties. • Continue focus on scale up of remote monitoring for COPD, Heart Failure and BP Pathways. • Further implementation of hospital electronic prescribing and administration (HEPMA) developing a Benefits Realisation Plan. • Further digitisation of inpatient records -complete pilot in Acute 3 early adopter wards at QEUH and complete business case for review. • Ophthalmology EPR implementation.
<p>OPBV 17.0</p> <p>Sustainability and Climate Change Ensure NHS GGC provides safe, reliable and high-quality services that are environmentally, socially and economically equitable meeting targets and legislative policy requirements to work towards achieving net zero by 2040.</p>	<ul style="list-style-type: none"> • Finalise the GGC Sustainability Strategy and seek Board approval. • Work towards ISO standards to ensure effective Quality & Environmental Management Systems. • Set out proposed action to decarbonise fleet in line with targets (2025 for cars / light commercial vehicles & 2032 for heavy vehicles at latest). • Set out plan to achieve waste targets set out in DL (2021) 38. • Set out actions to adopt the learning from the National Green Theatre Programme; provide outline for greater adoption level. (inclusive of N20, Entonox & Volatile Gases).

		Number of Operational Targets / Actions
OPBV 15.0	<u>Finance</u> Implement the financial plans, to enable the Board to live within the resources available. Includes: <ul style="list-style-type: none"> • Develop feasible financial projections. • Deliver efficiency plans and recurring savings options to help reduce the underlying recurring deficit. 	
	<u>Digital</u> Continue to provide resilient and secure eHealth systems for services with the necessary support and training for staff; Deliver the programmes within the eHealth Delivery Plan, enabling service improvement and redesign through the use of digital tools.	
OPBV 17.0	<u>Sustainability and Climate Change</u> Ensure NHS GGC provides safe, reliable and high-quality services that are environmentally, socially and economically equitable meeting targets and legislative policy requirements to work towards achieving net zero by 2040.	
Total Number of Operational Targets / Actions		0

NHS Greater Glasgow & Clyde

Assurance Information Framework 2023/24

Version 3.3 (August 2023)

		Number of Operational Targets / Actions
A1	Better Health	
	<u>Child Health and Early Intervention</u>	
	Ensure the best start for children with a focus on developing good health and wellbeing in their early years through the Universal Health Visiting Pathway (UHVP).	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Robust and consistent delivery of the UHVP across the 6 HSCPs. • Use of common staffing method to review caseload management. • Ensure robust and accessible data on delivery on the UHVP identifying impact e.g. identification of needs and any gaps. 	
	<u>Child Oral Health</u>	
	Improve children’s oral health, increasing registration with dental services enabling secondary prevention.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Focus activity on dental registration of young children supporting the most vulnerable children and families via the UHVP. • Increase uptake of Childsmile Programme in the most deprived areas establishing tooth brushing in the early years. • Reduce need for general anaesthetics in children requiring tooth extraction. 	
	<u>Obesity and Prevention and Early Intervention on Type 2 Diabetes - Children</u>	
	Working in partnership, increase healthy weight interventions for children and families, through community Weight Management interventions.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Expand healthy weight intervention through the UHVP. • Expand community based ‘Thrive under Five’ Programme. • Increase uptake of weight management interventions in line with national standards. 	
	<u>Early and pro-active intervention T2DM - Adults</u>	
	Focus on targeted and structured approaches to ensure early intervention and prevention of Type 2 Diabetes in adults	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Support increased detection and diagnosis, targeting most at risk groups e.g. pregnant women, the BAME communities. • Increase the number of newly diagnosed patients who complete structured education and weight management programmes. 	
	<u>Drug Related Deaths</u>	
	Work towards delivery of the National Mission on Drug Deaths Plan 2022-2026, in conjunction with the Alcohol and Drug Partnerships, HSCPs / Alcohol and Drug Recovery Services in GGC.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Continue to roll out Medication Assisted Treatment (MAT) Standards across the 6 HSCPs aiming to continue reduction in drug related death. • Ensure public health input to the GGC-wide MAT Standards Implementation Group. • Monitor drug use and drug harms through the Drug Trends Monitoring Group and inform any requirements for change. • Lead the coordination of efforts to address blood-borne virus transmission in GGC. 	
	<u>Vaccination</u>	
	Protect most vulnerable population from the effects of vaccine preventable diseases, especially Covid and Flu.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> • Roll out vaccination programmes across all relevant sectors and target populations. 	
	<u>Public Protection</u>	
	Ensure robust procedures are in place to protect the most vulnerable in society.	
	<i>Actions</i>	
OPBH 5.0		

NHS Greater Glasgow & Clyde		
Assurance Information Framework 2023/24		Version 3.3 (August 2023)
		Number of Operational Targets / Actions
	<ul style="list-style-type: none"> Complete the final design stage of the Public Protection Strategy, present to CMT in June and the Board Seminar in July. Complete the benchmarking for the ne NHS National Accountability and Assurance Framework and embed as a delivery plan priority. 	
A2	Better Workplace	
	<p>Staff Health and Wellbeing</p> <p>Deliver ongoing support to staff physical and mental health and wellbeing.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> Update Staff Health Strategy for 2023-2025 with new Action Plan For Staff Health and Wellbeing following results from the Staff Health Survey - areas for action: <ul style="list-style-type: none"> Mental Health including stress In work Poverty Fair Work Support for managing attendance. Deliver 2023-24 Workforce Equality Action Plan. 	
	<p>Workforce</p> <p>Ensure a sustainable workforce through workforce planning that is responsive to changes in the demand for services.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> Focus on new roles and delivery of 'Recruitment and Attraction' Action Plan i.e. MAPS, HCSWs Band 4s, new supply routes. Deliver against Workforce Plan Action Plan and link workforce to transformation of services. Focus on refresh of training and development programme within the Workforce Strategy. 	
	<p>Partnership Working & Staff Engagement</p> <p>Work in collaboration with partners in developing and implementing plans for recovery and redesign.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> Work in collaboration with the ACF, APF and Employee Director to embed partnership working. Deliver against the Investors in People Standards - towards Board Accreditation. Increase visibility of leaders through Team Brief and visitation programme. Further develop staff engagement through the 'Staff Communication and Engagement Strategy'. Develop a programme for leaders. A rolling programme of local delivery of liP and iMatter actions for improvement. 	
A3	Better Care	
	<p>Planned Care</p> <p>Increase the level of activity within the Planned Care Programme in line with the ADP reducing waiting times across all specialties focusing on longer term sustainability.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> New Outpatients: 95% of 2019/20 base activity across the year (273,456 patients). TTG: 80% of 2019/20 base activity across the year (64,359 patients). New and Return Endoscopy Patients: 90% of 2019/20 base activity across the year (31,234 patients - NB, this figure relates to new activity only). Radiology: commitment to hold maximum waiting of 26 weeks by end of Sept for all modalities. All radiology activity to deliver 168,992 examinations. 	
	<p>OPBC 7.0</p>	

NHS Greater Glasgow & Clyde

Assurance Information Framework 2023/24

Version 3.3 (August 2023)

		Number of Operational Targets / Actions
	<ul style="list-style-type: none"> • Endoscopy: 90% of 2019/20 base activity across the year with development of additional monitoring for completed waits relating to Category 1 and Category 2 patients to ensure meeting USOC pathway 2 week requirement. 	
OPBC 8.0	<p><u>Cancer</u></p> <p>Recover performance against the national waiting time standard acknowledging increase in referrals with Urgent Suspicion of Cancer (USOC).</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Introduction of referral policy for all cancer types working closely with GPs. • Continue to deliver the 95% performance for the 31 day 'decision to treat' target. • Take forward key actions to improve the 62 day 'referral to first treatment' target focusing on high volume challenging pathways. 	
	<p><u>Unscheduled Care</u></p> <p>Work in partnership to improve unscheduled care pathways across the system.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Improve the 4 hour Emergency Department 4 hr wait target. • Improve the Delayed Discharge position across the 6 HSCPs and surrounding partnerships - both Acute and Mental Health. • Maximize the virtual unscheduled care service for patients, linking with the GP Out of Hours service, Flow Navigation Centre, Community Hubs, NHS 24 and SAS to increasing virtual unscheduled care activity. • Evaluate and refine Glasflow Model. • Deliver 'Discharge without Delay' bundle across identified ward areas. • Maximise Digital support for improving Delayed Discharges developing digital referral and access for HomeCare pathway. 	
	<p><u>Moving Forward Together/Clinical Infrastructure Strategy</u></p> <p>Deliver the revised work programme and track individual projects to drive forward service improvement and redesign maximising digital opportunities.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Review Infrastructure work – reporting in early summer 2023, informing future streams of work. • Present position to the NHS Board. • Focus on re-engineering of patient pathways maximising digital solutions. • Deliver key MFT portfolios incl Best Start and Thrombectomy. 	
	<p><u>Patient Safety and Experience</u></p> <p><u>Quality Strategy</u> - Review and update the Quality Strategy – The Pursuit of Excellence.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Engage all stakeholders in reviewing the Strategy and bring forward Year 1 priorities linking to patient experience and ensuring a person centred approach in care. <p><u>Patient Experience</u> - Deliver a person-centred approach through effective public and stakeholder engagement by ensuring patient and service users' experience is included in the design and delivery of services.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Deliver engagement programmes supporting corporate priority areas. • See patient, public and stakeholder feedback, using it to drive service improvements. <p><u>Infection Prevention & Control</u> - Ensure continued robust infection prevention and control across the system, delivering against key targets seeking opportunities for continuous improvement.</p> <p><i>Actions</i></p> <ul style="list-style-type: none"> • Deliver national targets set for 2019-2024 (Staphylococcus aureus bacteraemias (SAB), Clostridioides difficile infections (CDI), E. coli bacteraemias (ECB)). • Continue local Surgical Site Infection Surveillance. 	

NHS Greater Glasgow & Clyde

Assurance Information Framework 2023/24

Version 3.3 (August 2023)

		Number of Operational Targets / Actions
	<ul style="list-style-type: none"> Engage with ARHAI to develop a whole system approach to the surveillance of healthcare associated infections in high risk units. 	
OPBC 12.0	Primary Care	
	Develop extended multi-disciplinary teams in primary care, maintaining access to core services at the right time and in the right place.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> Develop Primary Care Strategy and prioritised action for year 1. Implement Primary Care Improvement Plans. Align activity to MFT proposals. Address gaps in data provision supporting the BOARD'S Assurance Information Framework. Reaffirm the OoH strategic position. 	
OPBC 13.0a	Mental Health	
	Ensure a continual focus on improving mental health and wellbeing services across the system.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> Refresh Strategy for Mental Health Services in NHSGGC- 2023-28. Implement of the Next Phase of <i>Enhancing Community Mental Health Services.</i> CAMHS. Psychological Therapies. 	
OPBC 13.0b	Mental Health of Children and Young People	
	Increase access to early intervention and non-clinical support for children and young people.	
	<i>Actions</i>	
	<ul style="list-style-type: none"> Refresh suicide prevention and self-harm action plans relating to children and young people in line with the new national strategies. Undertake further work to better understand increasing demand for CAMHS services for girls age 12-17, and presentations with eating disorders. 	
A4	Better Value	
OPBV 14.0	Queen Elizabeth University Hospital & Royal Hospital for Children	
	Continue to respond to the requirements of the Scottish Hospitals Public Inquiry, the Court proceedings against the Parties responsible for delivering the QEUH/RHC construction project and the Police Investigation.	
	<ul style="list-style-type: none"> Rectification Legal Clam Public Inquiry Police Investigation 	
	<i>Actions</i>	
	<ul style="list-style-type: none"> Ensure a robust & monitored approach the rectification work in respect of known defects as part of litigation. Manage the process working with MacRoberts to maximize potentials recompense through adjudication. Ensure robust programme management in response to the requests for information and development of the approach to Positioning Papers. Ensure support for witness precognitions for the inquiries focussing on staff welfare through forthcoming hearings. Continue to engage productively with Police Scotland working to minimise duplication where possible. 	
	Finance	
	Implement the financial plans, to enable the Board to live within the resources available. Includes: <ul style="list-style-type: none"> Develop feasible financial projections. Deliver efficiency plans and recurring savings options to help reduce the underlying recurring deficit. 	

NHS Greater Glasgow & Clyde

Assurance Information Framework 2023/24

Version 3.3 (August 2023)

		Number of Operational Targets / Actions
OPBV 15.0	<i>Actions</i>	
	• The roll forward position for 2023/24 notes financial plan challenge of £190.9m - £200m and non-recurring investments of £5.2m . This requires recurring savings of £75m to make progress on recurring deficit. A further £50m has been identified as non-recurring savings target, however this still derives a gap of £71.1m to be closed.	
	• Identify and deliver the level of schemes required to meet the financial challenge.	
	• Ensure sufficient focus required input to this area given the breadth of the operational agenda.	
	• Financial grip and control across areas of current overspend and areas of expenditure without identified recurring budget will also play significantly in the outturn for 2023/24.	
	• Ensure a whole system approach to mitigate current pressures, reduce additional spend caused by increased demand, and drive a new level of savings to meet the financial gap.	
OPBV 16.0	<u>Digital</u>	
	Continue to provide resilient and secure eHealth systems for services with the necessary support and training for staff; Deliver the programmes within the eHealth Delivery Plan, enabling service improvement and redesign through the use of digital tools.	
	<i>Actions</i>	
	• Scaling up of virtual outpatient appointments agreeing targets for specialties.	
	• Continue focus on scale up of remote monitoring for COPD, Heart Failure and BP Pathways.	
	• Further implementation of hospital electronic prescribing and administration (HEPMA) developing a Benefits Realisation Plan.	
	• Further digitisation of inpatient records -complete pilot in Acute 3 early adopter wards at QEUH and complete business case for review.	
	• Ophthalmology EPR implementation.	
	• Complete training of Community Optometrists to use glaucoma pathway tools.	
	• eRostering Implement initial stage of programme for Print & Post in Q2. Questionnaires for Pre-Op Assessment, ENT USOC.	
OPBV 17.0	<u>Sustainability and Climate Change</u>	
	Ensure NHS GGC provides safe, reliable and high-quality services that are environmentally, socially and economically equitable meeting targets and legislative policy requirements to work towards achieving net zero by 2040.	
	<i>Actions</i>	
	• Finalise the GGC Sustainability Strategy and seek Board approval .	
	• Work towards ISO standards to ensure effective Quality & Environmental Management Systems.	
	• Set out proposed action to decarbonise fleet in line with targets (2025 for cars / light commercial vehicles & 2032 for heavy vehicles at latest).	
	• Set out plan to achieve waste targets set out in DL (2021) 38.	
	• Set out actions to adopt the learning from the National Green Theatre Programme; provide outline for greater adoption level. (inclusive of N2O, Entonox & Volatile Gases).	
	• Set out approach to implement the Scottish Quality Respiratory Prescribing guide across primary care and respiratory specialities to improve patient outcomes and reduce emissions from inhaler propellant.

NHS Greater Glasgow & Clyde

Assurance Information Framework 2023/24

Version 3.3 (August 2023)

		Number of Performance Indicators
A1	Better Health	
COBH1	To reduce the burden of disease on the population through health improvement programmes that deliver a measurable shift to prevention rather than treatment.	
COBH2	To reduce health inequalities through advocacy and community planning.	
COBH3	To reduce the premature mortality rate of the population and the variance in this between communities.	
COBH4	To ensure the best start for children with a focus on developing good health and wellbeing in their early years.	
COBH5	To promote and support good mental health and wellbeing at all ages.	
A2	Better Care	
COBC6	To provide a safe environment and appropriate working practices that minimise the risk of injury or harm to our patients and our people.	
COBC7	To ensure services are timely and accessible to all parts of the community we serve.	
COBC8	To deliver person centred care through a partnership approach built on respect, compassion and shared decision making.	
COBC9	To continuously improve the quality of care, engaging with our patients and our people to ensure healthcare services meet their needs.	
COBC10	To shift the reliance on hospital care towards proactive and co-ordinated care and support in the community.	
A3	Better Value	
COBV11	To ensure effective financial planning across the healthcare system that supports financial sustainability and balanced budgets.	
COBV12	To reduce cost variation, improve productivity and eliminate waste through a robust system of efficiency savings management.	
COBV13	To exploit the potential for research, digital technology and innovation to reform service delivery and reduce costs.	
COBV14	To utilise and improve our capital assets to support the reform of healthcare.	
A4	Better Workplace	
COBW15	To ensure our people are treated fairly and consistently, with dignity and respect, and work in an environment where diversity is valued.	
COBW16	To ensure our people are well informed.	
COBW17	To ensure our people are appropriately trained and developed.	
COBW18	To ensure our people are involved in decisions that affect them.	
COBW19	To promote the health and wellbeing of our people.	
COBW20	To provide a continuously improving and safe working environment.
