

NHSGGC PRIORITY AREAS FOR SUSTAINABLE DEVELOPMENT

Our Vision

NHSGGC, as the largest board and health provider in Scotland is obligated to deliver effective healthcare while actively supporting sustainable development and driving positive environmental change.

What is Sustainable Development?

"Development that meets the needs of the present without compromising the ability of future generations to meet their own needs". – Bruntland Report, Our Common future (1987)

As climate change poses risks to our health system, we are fully committed to adapting to changes and working toward achieving United Nations Sustainable Development Goals.

CLINICAL SUSTAINABILITY
