

Student access to eHealth systems

All Student Nurses and Midwives have access to NHS GGC eHealth systems.
Students must use their eHealth logins while on placement

All students have an XGGC username and password to access computers issued via their University.

All Student Nurses and Midwives are given access to HEPMA, TrakCare and Clinical Portal in year 1.

(Midwifery students additionally receive Badgernet access.
Mental Health students additionally receive EMIS access.)

Link to GGC External eHealth Portal

<https://nhsscotland.service-now.com/ehealth>

Students can only report IT issues through their external Student Portal.

Do not call IT, email or use staff eHelp.

Your username and password is your digital signature!
If you are signed in you are accountable.

If you allow others to log in with your details you are breaching Information governance and NHSGGC policy.
