

LOOP is coming, 30th April 2025!

Get prepared ...

What can you do on Loop?

Manage your leave on the go: See your leave allowances including annual and study,

Book shifts: Book bank shifts and get notifications when shifts become available.

Newsfeed: See updates from your connections, organisations and pages you follow. Share your own updates to your connections.

Connections: Add colleagues as 'connections' to see their updates in your Newsfeed and send messages.

Messages: Direct message or group message between your connections. You can also send photos and emoji replies.

Groups: Create groups within Loop to stay connected with colleagues or those who share the same interests, whether that be a running group or book club.

Important Information!

Loop will initially be deployed to all **Bank staff** in the first instance (from 30th April 2025).

Whilst **Substantive staff** can download the App, they will not be able to fully utilise the functionality until rostered on Optima (core rostering tool also provided by RLDatix in replacement for SSTS). The Optima implementation plan will be communicated to all staff in due course.
