---	---	---

The **\*\*new NHSGGC Continuous Intervention Policy\*\*** is due to go live at the end March 2025 replacing NHSGGC Safe & Supported Observation Policy (SSOP).

The **NEW** policy focuses on personalised therapeutic approach to the care of people living with mental health problems. The new policy sets out care responsive to the needs of the person and brings with it new and important practice changes. It is essential that **ALL** frontline staff and managers have time to consider the new policy and practice change in advance of the policy going live. Staff are invited to attend one of the awareness sessions to come along and hear more about the new policy and participate in the discussion.
