Craniofacial Service
Royal Hospital for Children
1345 Govan Road
Glasgow
G51 4TF

Dear Parent/Carer,

Your child has been referred to the Craniofacial Service at the Royal Hospital for Children, Glasgow.

Your initial appointment will be in a multidisciplinary clinic that sees children with a variety of disorders of the face and skull.

The following are members of the team that you may meet at the clinic:

Mr Moorthy Halsnad	Consultant Maxillofacial/Craniofacial Surgeon
Mr Meharpal (Raju) Sangra	Consultant Neurosurgeon/Craniofacial Surgeon
Mr Ahad Shafi	Consultant Maxillofacial/Craniofacial Surgeon
Lorraine Baillie	Craniofacial Clinical Nurse Specialist

Your child may see other health professionals during the clinic e.g. ophthalmology, ENT or genetics doctors and your child may have their photos taken in medical illustrations.

There are often medical registrars, students or visiting clinicians attending the clinic as part of their training.

Your child may not need to be seen by everyone but there will be other children attending the clinic that do.

Yours sincerely,

Mr Moorthy Halsnad

M Halsnad

Clinical Lead
Scottish National Centre for Craniofacial Surgery
