STEP 3

Redeem and Ride

- Click the menu in the top left of the map.
- Click 'Add Voucher'.
- Enter your unique voucher code.
- You're all set.

How to ride with OVO Bikes

You're all signed up and ready to rent? Check out our quick guide below to get started

Our 1.0 standard bikes only have a front lock and can be spotted by the board computer at the back of the bike.

OVO Bike 1.0

- Rent:** Find and scan the QR code on the bike with your app. Enter the lock code into the Board Computer and press OK / END. Secure the front lock in the holder on the basket and you're ready.
- Park:** Press "TP" on the bike computer to park the bike and place the lock through the front fork to secure. To continue your rental, enter your pin code on the bike computer and unlock the bike.
- Return:** Push the cable lock through the front fork to secure. Press OK / END and wait for the confirmation message.

Our framelock bikes come in two flavours, standard and electric. Both have framelocks at the rear of the bike and the e-bikes have a thicker frame.

OVO Bike 2.0 & E-bike

- Rent:** Find and scan the QR code on the bike with your app. The framelock will open automatically.
- Park:** Select PARK in the app and close the framelock. Your rental is still running when parked.
- Return:** Return the bike to an official station. Lock it by pressing down the lever on the framelock. A beep noise confirms the return.

Get the nextbike by TIER app & ride for free for the whole year with your code.
