

My first visit to the

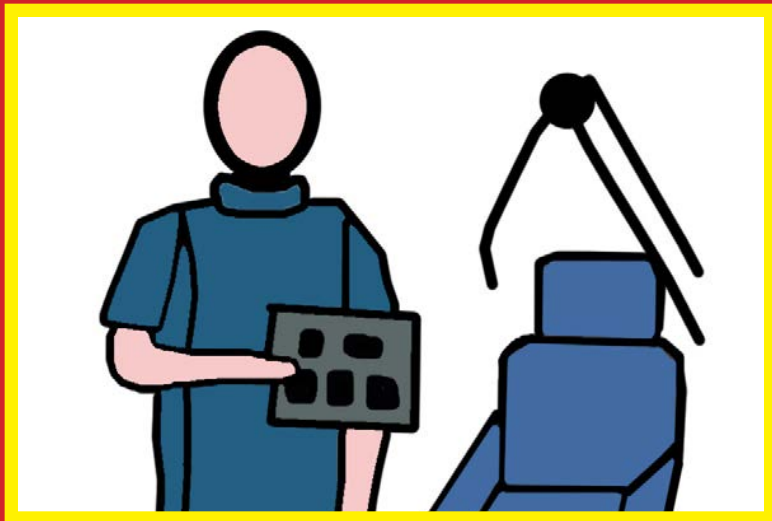

DENTIST

Stick a photo of yourself here

Name

Today I am going to the dentist

To have my teeth counted and cleaned

I will go to the Main Entrance

and then I will check in

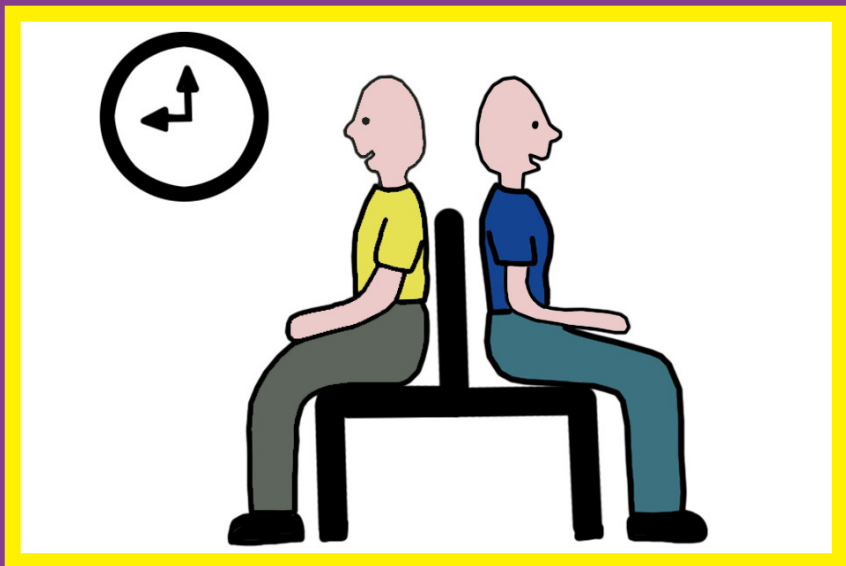

When I arrive I will see the main waiting area

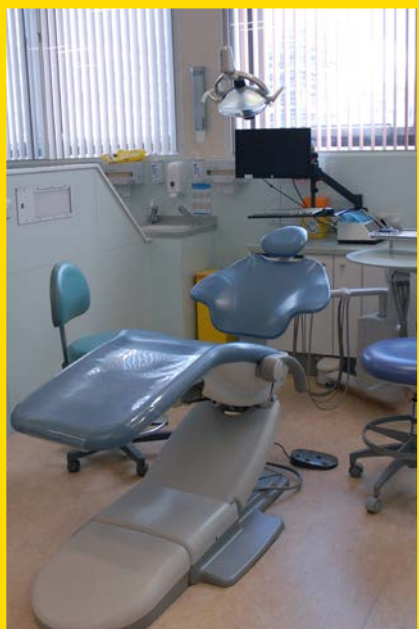

there is also a small play area

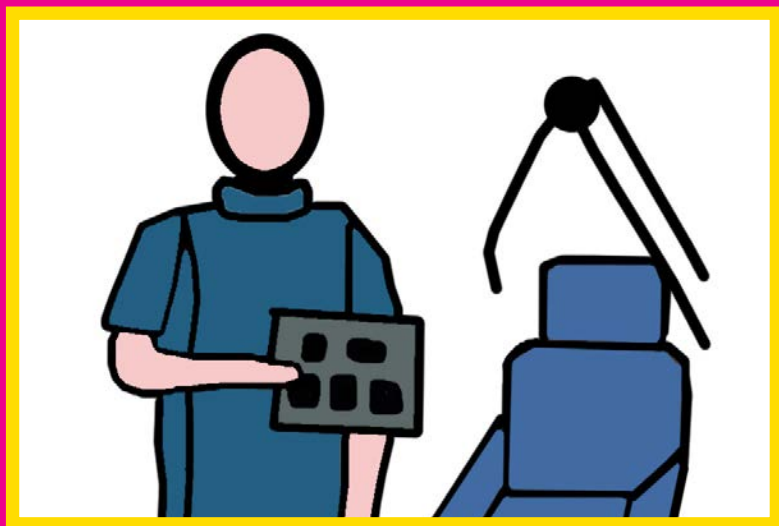

I can sit and await my turn

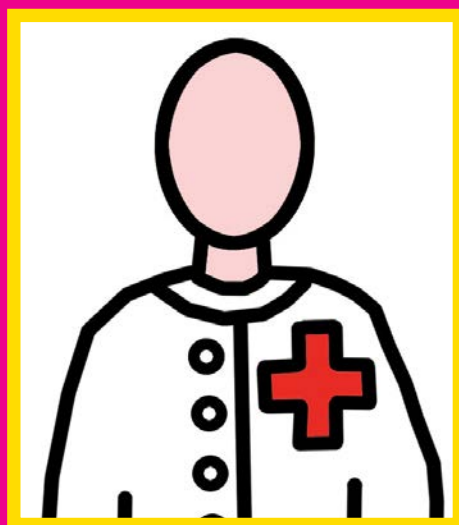

My name will be called and I will go into the dentist's room...

Then I will meet the Dentist

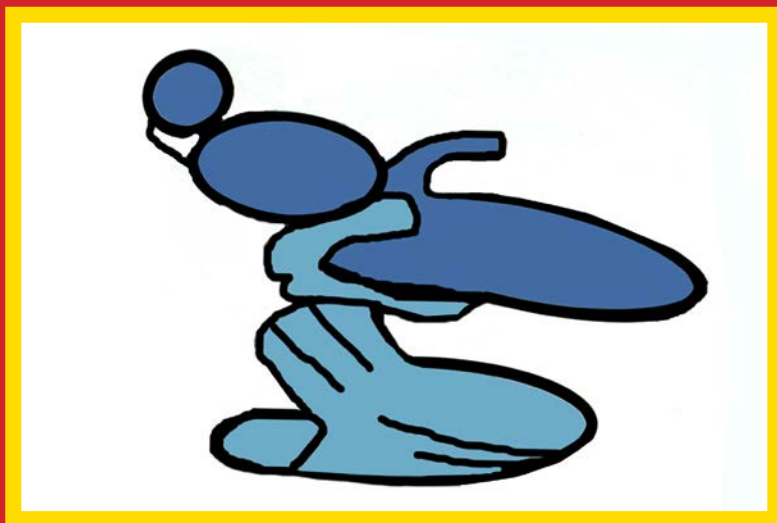

and the Dental Nurse

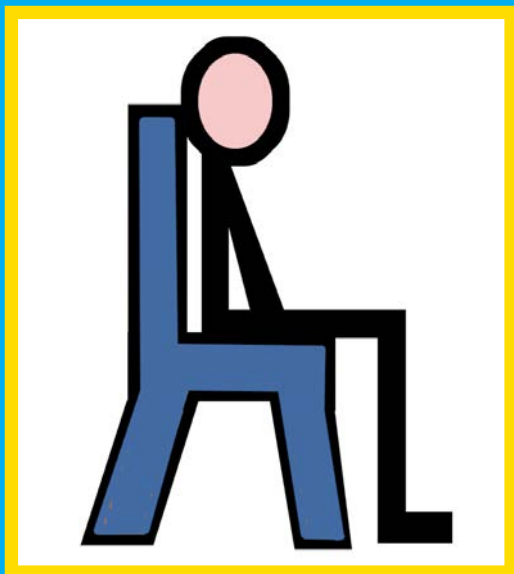

The Dentist

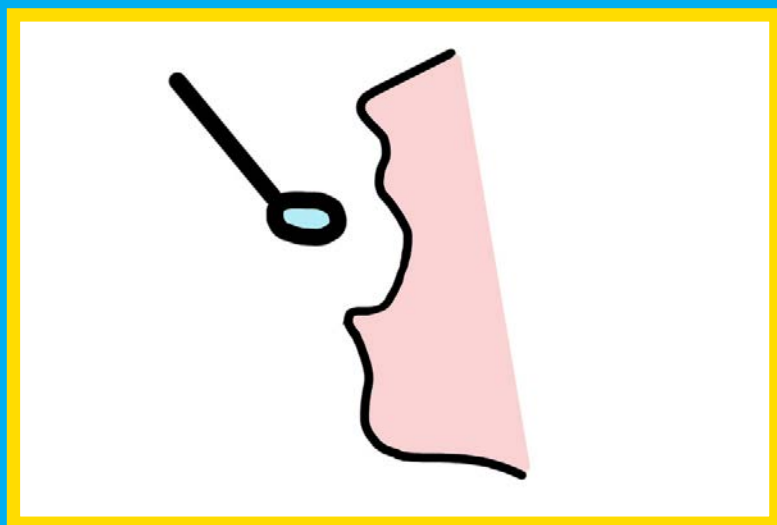

will ask me to sit in the big chair

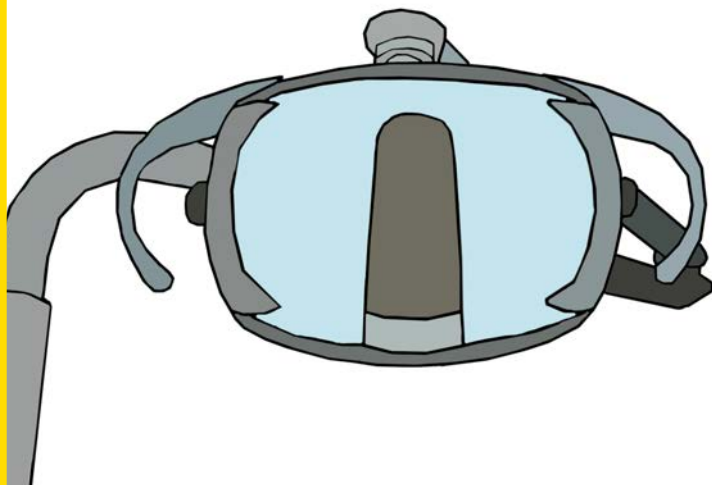

or I can sit in the small chair

The dentist will ask me to open my mouth,

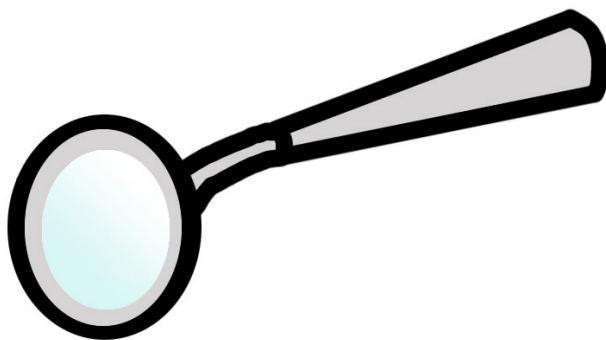

will shine a light

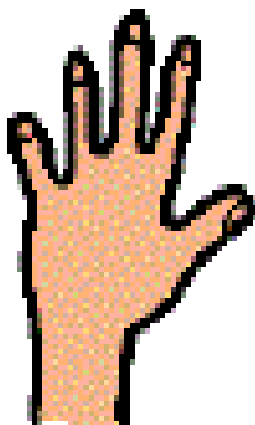

and count my teeth

with a mouth mirror

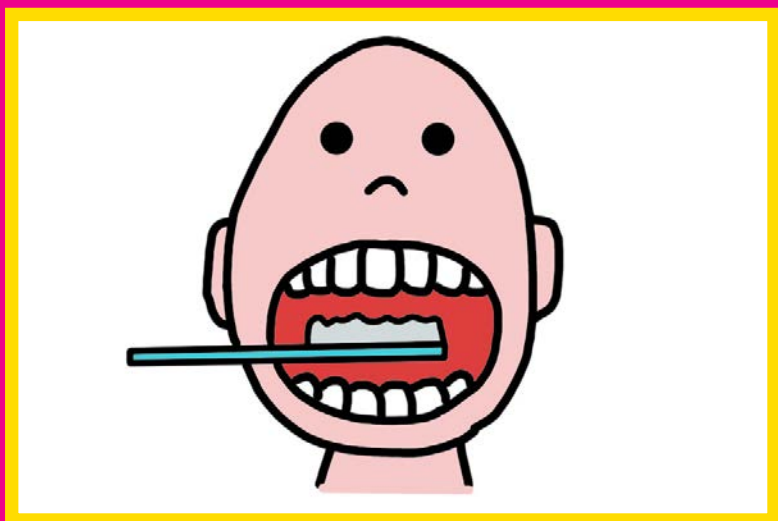

I can raise my hand and take a break.

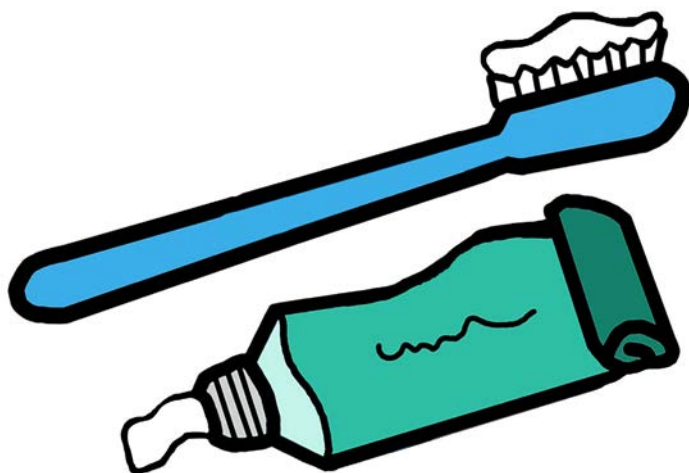

The Dentist

might also brush my teeth

with toothbrush and toothpaste

Now my teeth are clean and healthy

Then I am finished

I like that
