

# Non-Routine Immunisation Webinar

## An update for practitioners

### DATE and TIME

Wednesday 4<sup>th</sup> September

12:30-13:30

This resource has been developed to help support practitioners who may encounter individuals who are immunosuppressed and require additional or repeat vaccinations outside of national schedules.

### TARGET AUDIENCE

All those involved with immunosuppression and vaccinations, whether vaccinating or giving information. This will include Vaccinators, Immunosuppression specialists, Oncologists, GPs

### Topics being covered:

- The impact of immunosuppression on vaccine response
- Immunosuppression and vaccination pathways
- Sources of further advice

There will be an opportunity for attendees to ask questions, those frequently asked will be answered by a panel of experts.

### REGISTRATION

<https://forms.office.com/e/P7ETEXdfuq>

Attendees are invited to submit question in advance and the panel will answer as many questions as possible.

The webinar will be recorded and made available on TURAS Learn after the event.
