# Aim of the session

- To provide practical/peer support in your roles of PS/PA in supporting students, specifically when supporting students individual requirements and reasonable adjustments

# Learning outcomes

- What dyslexia is
- A range of characteristics associated with dyslexia
- Professional and legal obligations
- How to support students with dyslexia

# What is Dyslexia?

Dyslexia is a specific learning difficulty which primarily affects reading and writing skills. However, it does not only affect these skills. Dyslexia is about information processing.

People with Dyslexia may have difficulty processing and remembering information they see and hear, which can affect learning and the acquisition of literacy skills.

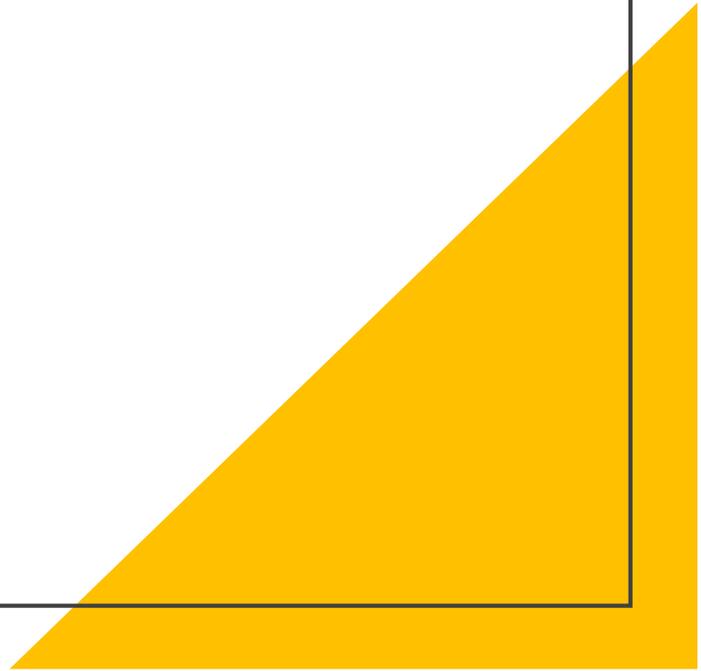

Dyslexia can also impact on other areas such as organisational skills.

► **Above is not a finite list to describe Dyslexia**

# Recognising the signs

A person with dyslexia may:

- Be embarrassed to read aloud
- Make a lot of spelling mistakes
- Become much less confident when confronted with new tasks
- Be good at solving problems but struggle to write reports
- Need spoken instructions to be repeated
- Excel at practical work but take longer to complete notes

# Recognising the signs contd..

The person with dyslexia may:

- Struggle to organise their schedule
- Have difficulty remembering the names of people and things

# Positive influences of Dyslexia

Good problem solving skills

Able to see the bigger picture - holistic approach

Effective interpersonal skills

Well-developed verbal ability

Creative thinkers

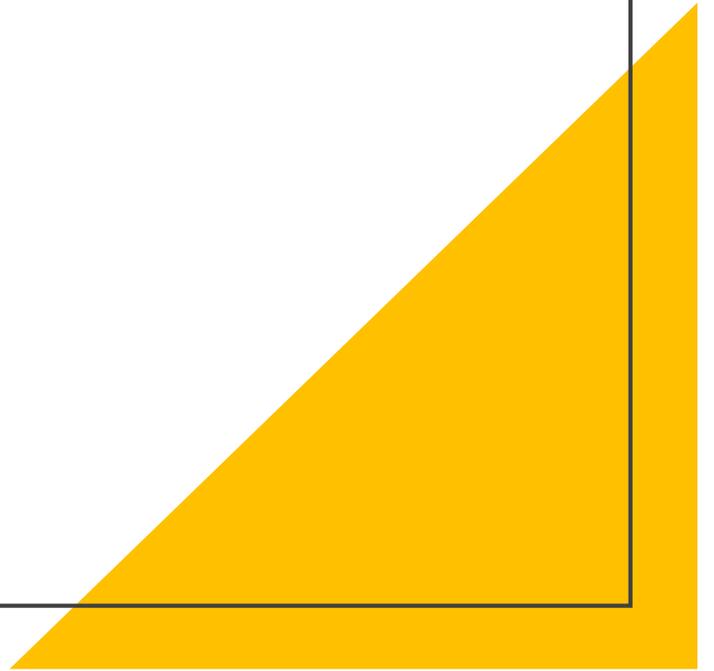

Good visual – spatial skills

Strengths in other areas too

Disclose /or  
not Disclose

# Professional and legal obligations

Under the  
Equality act  
2010

Reasonable  
adjustments

# Scenario

- Orla is a first year student nurse, this is Orla's first placement.
- Orla wants to gain experience and skills in assessing patients needs and planning care whilst on this placement.

► Orientation and Preliminary meeting **MUST** take place within 48 hours of starting PLE. (PS or PA)

► Discussion and documentation of the student's learning development plan. (PS or PA)

► Identification of interim and final assessment dates.

ORIENTATION & PRELIMINARY MEETING	
PART 1: PLE 1	
<p>In accordance with the <i>NHS Education for Scotland (2020) Quality Standards for Practice Learning</i>, a preliminary meeting should take place within two days of commencing practice. Preferably your practice supervisor (or someone acting on their behalf) should meet with you. The discussion should establish the following:</p> <ul style="list-style-type: none"> <li>• The previous skills you have practised, in order to identify your current learning needs</li> <li>• The level at which the proficiencies/practice learning outcomes have to be achieved during this PLE</li> <li>• The available learning opportunities within this PLE</li> <li>• Any additional student support requirements taking cognisance of reasonable adjustment</li> <li>• An initial Learning Development Plan for Learning</li> </ul>	
Date of preliminary meeting	
Topics to be Discussed:	Please initial when complete
Orientation to the practice learning environment and equipment	
Shift patterns and meal breaks/facilities	
Sickness/absence reporting procedure	
Accident /incident reporting procedures and systems	
Emergency and fire procedure	
Health and Safety Policy including lone working	
Introduction to Health and Social Care Professionals	
Introduction to Patients/Clients	
Confidentiality and data protection	
Professional behaviour	
Policy on corporate and personal use of social media	
Raising concerns guidance	
Access to Scottish Practice Assessment Document (PAD)	
Student's individual requirements, e.g. reasonable adjustments	
Available practice learning experiences	
Student's practice learning expectations	
Student's strengths and areas for improvement	
Uniform policy for the practice learning environment	
Development support plan	
Student's mandatory training record	
Consider if a risk assessment is required (see Section 1.5)	
Consider appropriate dates for interim feedback meeting and final assessment

LEARNING DEVELOPMENT PLAN		
PART 1: PLE 1		
<p>Please use the space below to summarise the main points arising from the preliminary meeting with the student and discussion around the students learning development plan.</p> <p>Orla and I have reviewed the PAD and we have agreed the following areas of focus:</p>  <p>The above will be aligned to the platforms and proficiencies and module outcomes</p>  <p>Please identify skills and procedures that could be achieved within area:</p>		
Date _ / _ / _	Student Signature:  A Student	Practice Supervisor and/or Assessor Signature:  Eileen Paton
Agreed date for next meetings	Interim:	Final:

- ▶ Review common conditions
- ▶ Review terminology
- ▶ Orla to engage in patient care
- ▶ Assessment, planning, and evaluation of patient care, encompassing observations and record keeping
- ▶ Review and complete clinical documentation

JUST OVER ONE WEEK INTO PLACEMENT,  
YOU HAVE OBSERVED AND ALSO RECEIVED  
FEEDBACK FROM PRACTICE SUPERVISORS  
THAT ORLA'S DOCUMENTATION IS  
POOR/OMISSION OF DETAILS AND OFTEN  
AVOIDS ENGAGING WITH THIS.

OVERALL SEEMS DISORGANISED, SLOW TO

# Tripartite Meeting

# Placement Planning Record (PPR)

The purpose of this placement needs assessment is to consider any potential reasonable adjustments that might be required while a student is on placement. It is the starting point for discussion with the student, the Disability Adviser and Academic Disability Co-ordinator to identify any concerns or issues that may arise from the impact of their condition while on placement. This will offer the opportunity to explore the type of reasonable adjustments that can be provided while on placement. The PPR is context specific in that it addresses the needs of a single placement setting so it is anticipated that the process would be applied for each placement.

Any reasonable adjustments recommended in this document will generally be determined through consultation/agreement with the Placement Co-ordinator and the Placement Educator during pre-placement meeting.

# Interim feedback meeting

INTERIM FEEDBACK MEETING PART 1: PLE 1
Practice supervisor's comments (please refer to the associated proficiencies for each platform to inform your discussion with the student and comments):
<b>Platform 1: Being an accountable professional</b>
<b>Platform 2: Promoting health and preventing ill health</b>
<b>Platform 3: Assessing needs and planning care</b>
<b>Platform 4: Providing and evaluating care</b>
<b>Platform 5: Leading and managing nursing care and working in teams</b>

► **Platform 1:** Orla is demonstrating professional behaviour and appearance, good time keeping, however record keeping is inaccurate at times and there is omission of details on clinical documentation i.e. News chart, fluid balance. This is an area where we will continue to work on.

► **Platform 3:** Orla is engaging in patient care and carries out personal care to a good standard, however as above needs to develop organisational skills further. Again this is an area we will continue to work on.

**Development Need Identified:**

Specific areas to be addressed	Related Platforms	Part	Learning Resources/actions	Evidence of achievement	Achievement/ Review date
Reading and recording information e.g., News Chart, fluid balance	1 (1.11) 3 (3.11,3.12)	1	<i>Review the Code</i> <i>Review PAD (platforms +proficiencies)</i> <i>Review clinical documents</i> <i>Practicing using news chart/fluid balance chart</i> <i>PS/PA support/guidance</i>	When the student can demonstrate understanding of the code and can complete documentation accurately and understands rationale for documenting findings	1 week
Organisation and time management	4 (4.1) 5 (5.1, 5.2)	1	Review Pad (platforms + proficiencies) Discuss team working PS/PA goes over the ward routine, engage in person centred care encompassing when the observations. <ul style="list-style-type: none"> <li>• Assignment of workload - 2 patients and engage doing observation's /completing fluid balance charts</li> <li>• Reporting findings</li> </ul>	When the student can demonstrate managing a group of patients, prioritising care, and working effectively within the team.	1 week

**Reasonable Adjustments:**

- *PS/PA to provide guidance, feedback and check documentation.*
- Encourage the student to note priorities at the start of the shift
- Allow time for the student to organise their thoughts
- Write a list of tasks and then prioritise these. Tick these off as you complete
- *Allowing extra time to complete charts*
- *Quite space to write/practice charts*
- *Using a fatter pen*
- Use visual reminders/ checklists of tasks

# Summary of process

**Initial discussion: Within first 48 hours**

Meet and orientate.

Discuss learning outcomes / learning plan .

**Any additional student support requirements taking cognisance of reasonable adjustment**

Set dates for mid-term and final assessment.

Student/PS/PA completes appropriate documentation.

---

## **Interim progress assessment: (Formative)**

---

Review the student's practice assessment documentation.

---

Discuss progress.

---

Review preliminary learning plan.

---

Consider further areas for development and learning needs.

---

Consider any issues (individual needs identified)/RA) that may arise.

---

Consider contacting PEF/CHEF/AA – tripartite meeting

---

Consider use of development support plan timely review of

---

Documentation by PS/PA

---

**Final progress report:  
(Summative) – completed  
by PA**

Review and feedback on  
performance, skills and  
procedures.

Identify aspects for future  
development.

Complete summative  
assessment  
documentation.
