

Do you have pain at the side of your hip?

- Is the side of your hip painful to touch?
- Is it painful when you lie on your side?
- Have you been diagnosed with Trochanteric bursitis, Gluteal tendinopathy or Greater Trochanteric Pain Syndrome (GTPS)?

- If you have answered 'Yes' to any of these questions then you may be eligible to participate in a research study titled 'Identifying subgroups for adults with pain at the side of the hip'
- We are conducting research to learn about how pain at the side of your hip affects function, quality of life and physical activity
- To participate you must be aged 18 years or over and currently reside within Greater Glasgow and Clyde
