

Team Talk

Better Health • Better Care • Better Value • Better Workplace

October 2025

Better Care

"Quality Everyone Everywhere" sets out an ambitious vision for world-class, person-centred care.

Shaped by staff and service users, it focuses on safety, co-production, learning, and improvement. Our aim is for quality to be everyone's business in Greater Glasgow and Clyde. Every idea and action counts - [get in touch](#) to tell us about what your team is doing.

Angela Wallace
Director of Nursing

Shared Decision Making empowers patients and care teams to make healthcare decisions together, ensuring choices reflect the patient's individual values, preferences, and circumstances.

The Shared Decision Making training is for everyone, as team members or as patients/carers. **Please complete on [Turas](#) by 31.10.25 and discuss with your team.**

Dr Jude Marshall,
NHSGGC Realistic Medicine
Clinical Lead

Better Health

October is Menopause Awareness Month – a perfect time to raise awareness and normalise conversations around menopause.

NHSGGC understands that this transition can be challenging for many employees. To support our staff, we offer a range of resources and assistance, including the **Once for Scotland** policy. Discover more by visiting [Women's Health - NHSGGC](#)

Emilia Crighton
Director of Public Health

Better Workplace

October is Cyber Security Awareness Month. Protecting patient data and systems starts with each of us.

Use strong, unique passwords and lock your screen when unattended. Be cautious with unexpected emails, links or attachments, and always report anything suspicious. Small actions help stop big threats. More tips and support are available on [StaffNet](#).

Denise Brown
Director of Digital Services

Team Talk – Questions to discuss with your manager

- How does this affect me?
- Where can I find more information?
- How can I get involved?
