

## Transforming Together Update (24 February 2026, 9.40am)

### Colleagues in women's and children's services share innovation updates from Hackathon 5

This month, we brought together colleagues from women's health and gynaecology, paediatrics, neonatal, and maternity services for our fifth Hackathon.

We caught up with staff who took part on the day, talking about:

- the challenges in their services
- ideas discussed in their workshops
- next steps to enhance patient and staff experience
- how they will work with the Interface team to put ideas into practice.
