

West of Scotland **Mother and Baby Unit**

Virtual tour of the West of Scotland Mother & Baby Unit

+ For women experiencing severe mental illness and require admission to MBU

- 24 hour, 7 day ability to admit women in late stages of pregnancy and up to 12 months after birth who live in the West of Scotland.
- Capacity to admit women immediately following delivery who are at high risk of early postpartum illness, including detained patients (see s24 of MHCTA Act 2003)
- Initial assessment to be completed by local Psychiatrist (NHS GGC-direct referral accepted)
- Mother and Baby jointly admitted to purpose-built unit at Leverndale Hospital, Glasgow
- YouTube Virtual Tour of MBU is accessible via our website

NHS Boards covered: Greater Glasgow and Clyde, Lanarkshire, Ayrshire and Arran, Dumfries and Galloway, Highland (Argyll area) and, by individual arrangement, NHS Western Isles and Forth Valley. Admissions from other areas may be accepted after discussion.

Contact the MBU to discuss any of the above: **0141 211 6539**
